

Senate Against German Treaty

Borah Will Lead Opposition When Harding Submits Pact for Ratification
SESSION OPENS WEDNESDAY
Opponents Argue that Nation Will Be Tied Into Versailles Treaty

By L. C. Martin
By United Press Leased Wire
Washington, D. C.—President Harding will submit to the senate for ratification the new peace treaty between the United States and Germany, Austria and Hungary, it was stated on high authority at the White house Tuesday.
Harding had before him duplicates of the originals of these treaties and he is expected to send them to the senate when congress reconvenes tomorrow.
No special message will go with the treaties, except the formal message of transmission.
Senator William E. Borah will lead Republican opposition in the senate to the Harding-Hughes peace treaty with Germany.
After long deliberation, Borah has made up his mind that he cannot vote to ratify the treaty, because in his opinion, it ties the United States into the Versailles treaty.
Borah is expected to start his fight shortly after President Harding sends the new treaty to the senate which probably will be within a few days.
If the United States exercises in the slightest degree the rights it thus claims, it must take part in administering and enforcing the reparations settlement, Borah holds. To do this, it must officially assume membership on the reparations commission. This, Borah feels means that the United States will take membership in a super-government which is imposing its mandates upon Germany.
The economic clauses involve similar interference, if new treaty is to be carried out Borah believes. Inevitably, he holds the United States will be called on to sanction settlements and decisions of doubtful justice.

PREPARE FOR WAR ON NONPARTISANS

New Party in North Dakota Would Oust Present Governor and Change Laws
By United Press Leased Wire
Fargo, N. D.—R. A. Nestos, seeking recall of Governor Frazier and election to his post, opened his campaign at Lisbon Tuesday. A meeting scheduled at Lisbon yesterday was cancelled on account of rain.
The independent plan to cover four counties by the end of the week, speaking against the Nonpartisan league administration.
Governor Frazier, Attorney-General Lemke and Commissioner of Agriculture and Labor John N. Hagen will start their defensive campaign probably next week. Independents seek to recall them in an election set for October 28.
Bismarck, N. D.—Independents will see that proposed constitutional amendments and initiated laws are published in accordance with the election laws.
Secretary of State Hall declared the pamphlets will be published. It was indicated that it efforts to get \$10,000 from the emergency fund for this purpose are unsuccessful, the independents will appropriate money from their campaign fund to publish the proposed laws.
Nonpartisan league members of the emergency commission held up funds for the pamphlets, on technical grounds. Governor Frazier said the attorney-general was considering legal questions involved.

U. S. SUBMARINE SIGNALS DISTRESS

By United Press Leased Wire
Washington, D. C.—The naval submarine B-21 is in distress about ninety miles north of Guantanamo, Cuba, according to a report to the naval radio service here.
The Montcalm, a small naval vessel is rushing to her assistance from Guantanamo. No report has yet been received from the Montcalm. Unless a storm develops, it is believed the disabled submarine can weather the sea until assistance arrives.

POLICE CHIEF OUSTED BY CIRCUIT JUDGE

By United Press Leased Wire
Madison — It is inconceivable with the duties of a chief of police that he stand on a street corner and await orders when a crime has been committed. Circuit Judge E. Ray Stevens declared in upholding the police and fire commission of Baraboo in its order dismissing Chief A. S. Pelton.
Chief Pelton was dismissed from the service on a charge of inefficiency following allegations of incompetency in his handling of a blackmail and burglary case.

TO FRANCE

General John J. Pershing, photographed as he left New York for France to represent America at the burial of France's "unknown soldier."

CONCERN WILL AID GRAIN MARKETING

Farmers' Corporation Plans to Drive Grain Speculators From Markets

By United Press Leased Wire
St. Paul, Minn.—Steps to finance marketing of the wheat crop in the northwest will be taken immediately, three directors of the United Grain Growers Inc., announced here Tuesday. Farmers will be given a chance to store grain in terminal warehouses and borrow money supplied by the war finance corporation on warehouse receipts.
J. M. Anderson of St. Paul, U. L. Burdick of Fargo and W. P. Schilling of Northfield, all directors of the United Grain Growers corporation, joined in the statement that funds would be available to help the farmers out.
Speculators are grabbing all the wheat in sight and there has been unprecedented shipment of wheat to terminal markets this fall, the statement said. Much of this year's crop is already in the hands of speculators, it was stated.
Meanwhile there is an ever increasing foreign market for wheat and the farmers stand to lose millions in profits by selling their grain outright now. Loans on warehouse receipts, it was said, will enable the farmers to hold their grain for high prices that speculators otherwise would get.

WANTED FOR LEAVING WIFE SECOND TIME

By United Press Leased Wire
Fond du Lac—A new warrant for the arrest of W. C. Niernman, formerly of Oshkosh, on a charge of desertion has been sworn out by his wife, Ida L. Niernman.
Niernman was arrested on a desertion charge in Indiana last July. He was committed to jail but later released on \$100 bail, on the plea of his wife. When his case was called September 5, Niernman was missing and his bail forfeited. There is small chance of his apprehension on the new warrant as he is threatened when released to go to Canada.

Unions Score Victory In Rail Board Verdict

Chicago, Ill.—Collective bargaining by labor unions with railroads was approved by the United States railroad labor board Tuesday.
In a decision handed down by the board on a petition filed by the Pennsylvania system it was declared the railroad must deal with labor unions as organizations.
The Pennsylvania, in its petition, "insisted" that it be granted the right to deal directly with its employees instead of with outside labor representatives.
The board was handed a sharp rebuke by the board which charged that a "campaign of misstatements had been waged" against the judicial body.
In labor circles, the decision was viewed as a partial victory for organized labor and as a blow against the "union shop." If the Pennsylvania had been upheld in its contention, union representatives said, it would have meant that unions, in the shop of that company, would have had no status whatsoever.
The board declared that organized labor represented the majority of railroad employees and cited the example that very few cases had been brought before the body by inorganized employees.
The case of the Pennsylvania is not entirely closed, however. The board, in its ruling, granted the road a hearing, set for September 26, on the following points:
The question as to what employees if any, not in active service of the carrier, such as men laid off or on leave of absence, shall be allowed to vote in the selection of representatives.
The question of how to determine the representative capacity of the spokesmen of the unions.

SECRECY AT ARMS PARLEY TO BE FOUGHT

Senators Harrison and Borah Prepare Resolution to Have Press Admitted
DEMAND COMPLETE RECORD
Repetition of Versailles Controversies Would be Avoided under Proposed Plan

BY DAVID LAWRENCE
Copyright 1921 by Post Pub. Co.
Washington—The fight to have the press admitted to the forthcoming conference on the limitation of armaments and the discussion of Far Eastern questions has begun.
Senator Harrison, of Mississippi, democrat and Senator Borah, of Idaho, republican, are working together over the draft of a resolution to be introduced in the senate when congress convenes on Wednesday, calling up on the American delegation to use its influence to have the newspapermen admitted to the big conference.
Indications from the White House heretofore have been that the conference would be secret and that the various governments concerned would give out their own versions of what takes place. The resolution adopted by the senate would pledge the American delegation to work not only for the admission of the press but for the keeping of a stenographic record of everything that is said at any meetings at which the business of the conference is discussed.
No such record was kept at the Paris conference when the Big Four met and there are disputes today which probably will never be settled as to what was said by each of the representatives of the governments involved. When the council of Ten was in session, secretaries were present but they only took notes and wrote a condensed summary afterwards of what had been said. In no sense was it a complete record of the proceedings, nor was it offered as such. The entire Xa dispute has grown out of the faulty record kept in the meetings of the Council of Ten when it was avowed President Wilson gave his consent to the Japanese proposal to limit the armaments of the navy to that of the United States.

Will Take The Curse Out Of Bakery Pies

By United Press Leased Wire
Chicago, Ill.—Pie—the great American dessert—must be reformed or it will meet the fate of the dodo.
The activities of short-change berry counters and mince meat moonshiners must be curbed.
This is the word that has gone forth from the pie architects of the country who were here Tuesday attending the convention of the American Institute of Bakers.
Out of the convention will come a uniform standardized pie which will defy the cake-eating opposition and will not cause indigestion.
Dr. H. E. Barnard, Minneapolis, outlined the nature of the great work. He told of the advantages of a definite number of fork marks on the milled edge of pastry, how thick the crust and how thick the "makin's" should be to be digestible.
"Pie has come to mean all sorts of things," said the doctor. "When we get through you will be able to order pie and get pie—not a tart or a mountain of dough."

STATION ROBBERY CLEWS BECOMING MORE DEFINITE

Detectives Expect to Clear up Disappearance of Money Sunday Afternoon
Hints thrown out Tuesday revealed that police and railroad detectives were on the track of evidence which would establish the exact time of Sunday afternoon's burglary when \$1,738.66 was taken from the safe of the main ticket office of the Chicago and Northwestern railroad here, and which perhaps would provide a definite clew upon which to hunt down the robbers.
Detective P. M. Whelan declared there was nothing to show that the door of the ticket office had been "jimmied" and that he was of the opinion that the door had been pushed until the latch on the inside gave way. Just how the safe was opened is not revealed. The officers declared that no marks were left that would show just what tools had been used.
Persons who delivered a trunk to the depot sometime between 12:45 and 2 o'clock when the robbery was committed were expected to give some information Tuesday afternoon that would be helpful in expediting the investigation.
The breaking of a lock and entrance into a small shed in the Marston Roadhouse coal yard was confused Monday with the railroad section tool shed. Detectives said they are satisfied that this had no connection with the robbery of the safe and that no tools were secured which might have been used by the burglars.
John Karvonen of Ironwood, Mich., among the suspects picked up Monday morning, was given a clean slate as far as the robbery is concerned but is being held for return to Michigan on a charge of breaking parole.

URGES U. S. TO REGULATE WORK

Mentor Says Decreased Production Is Poor Way to Solve Unemployment
Milwaukee—A guaranteed minimum of employment to every worker is the apparent remedy for self imposed restrictions on labor output, declared the Rev. John A. Ryan, of the Catholic University Washington, D. C., addressing the national conference of Catholic Charities here last night.
Ryan, who was invited by labor unions was classed with poor industrial management by the speaker. He declared that labor although faulty, could not be censured for its efforts to make employment go round, when no effort was being made to end the causes which led to such steps.
He said this was an economic loss which could be prevented.
"While rates and materials have increased throughout the United States," production has decreased. In almost every industry where labor is organized, leaders seek to restrict the amount of work done by each man."

CHARGE MAN WITH MURDERING BRIDE

By United Press Leased Wire
Seattle, Wash.—James E. Mahoney went on trial here Tuesday on a charge of murdering his aged, wealthy and eccentric bride, Kate Mahoney, placing her body in a trunk and casting it into Lake Union, near Seattle.
The trunk containing a body alleged to have been that of Mrs. Mahoney, was found two months ago in Lake Union.
The Mahoneys were married in Minneapolis, where both were well known, less than a year ago.

AMERICAN IS SHOT IN MEXICAN OIL REGIONS

Washington, D. C.—An American citizen named Carl R. Tubb was shot and killed Sunday night by Mexican soldiers in the Southern oil fields near Tampico, the state department was advised Tuesday.
Tubb was an employee of the Mexican Gulf Oil company.
The American consul at Tampico who reported the shooting to the state department stated that the scant details at hand indicated the shooting was accidental.

Unionizing Move Is Sequel To Mine War

Radical Leaders in Union Scored by President Lewis in His Address
MUST FIGHT WAGE CUTS
Attack on Legality of Kansas Industrial Court Law Urged of Convention
By United Press Leased Wire
Indianapolis, Ind.—President John L. Lewis of the United Mine Workers Tuesday administered a stinging slap to radicalism within the ranks of organized labor in his keynote address to the miners' convention. He struck particularly at the "left wing" of his organization.
Lewis called upon the convention to rebuke Alexander Howat, Frank Farrington and Robert H. Harlin, district leaders of Kansas, Illinois and Washington respectively for their official acts which he said violated the union laws.
Other recommendations made to the convention by Lewis were:
Absolute unity of action in fighting the wage reduction which the mine operators propose to force at their wage scale conference next March.
Relinquishment of the recent demands for nationalization of the mines.
Vigorous prosecution of the fight for unionization of the West Virginia mine war area.
Institution of legal proceedings to test the constitutionality of the Kansas industrial court law.
"While other powerful trade union organizations have been compelled to accommodate themselves to the pressure of the economic conditions, our union has unflinchingly held its line of battle and our forces are everywhere intact," Lewis said. "We have refused to retreat and despite the drum fire of adverse criticism levelled at our union, no wage reductions have been taken and it is our high purpose to continue this policy."
In driving his point for a determined stand against the wage cut, he pointed out the unemployment in the coal industry and said it is "unreasonable to believe that a further reduction in wages would be an action predicted upon equity or wise policy." This bore out the general belief that the miners will strike rather than submit to the reductions at the expiration of the wage contract next March.
Lewis called attention of the convention to the refusal of Frank P. Ring and other Illinois union officials to comply with the decision of the executive board requiring them to give an itemized accounting of \$27,000 which was spent during a "wild cat" strike in Illinois two years ago.
Regarding the union situation in Kansas, he said Alexander Howat has continually refused to obey orders of the international union and that he had failed to call off two outlaw strikes in his district after the executive board had directed him to do so.
In his report on the recent strike in Alabama Lewis struck at Harlin and Farrington with the assertion that they spread malicious propaganda among the striking miners in an effort to return to work by declaring Lewis was paying organizers with union funds for conducting campaign work in behalf of the present administration.

Memory Lost But \$1,375 In Bills Is Safe

New York — A civil war veteran, whose papers showed him to have come from the Northwestern Soldiers home, Milwaukee, Wis., was discovered wandering about the streets here Tuesday suffering from loss of memory. A roll of bills totaling \$1,375 was found in his underwear.
The man gave the name of Thomas Dalton and said he was 83 years old but beyond that could remember nothing.

GUESTS AT DEATH PARTY TO DIVULGE SOURCE OF LIQUOR

Alleged Tampering With Arbuckle Witnesses Also Will be Probed by Jury
By M. D. Tracy
San Francisco, Calif.—Guests who on Labor day attended Roscoe Arbuckle's party which preceded the death of beautiful Virginia Rappe, will "get together" again tonight to discuss Roscoe's liquor.
Tonight's "get together" will be in the rooms of the federal grand jury, with Robert H. McCormick, special assistant United States attorney general as host.
McCormick announced Tuesday that he had determined to require all available witnesses to tell all their stories by before federal grand jury, "in to perpetuate their testimony."
Arbuckle thus far has merely told the federal investigators that "there was no liquor there" and has stood pat on his right not to talk.
While federal investigators continued probing liquor angles of the case, District Attorney Matthew Brady has divided his forces in two groups—one preparing evidence to present at Arbuckle's preliminary hearing Thursday on a charge of murdering Miss Rappe, and the other continuing the investigation of charges that witnesses had been tampered with. The grand jury, which heard evidence dealing with the later phase of the case last night, will meet again next Monday.
Miss Zey Prevon, show girl, and one of the guests at Party Arbuckle's booze party where Miss Virginia Rappe was fatally injured, was called by testimony as to whether she had been "approached."
Miss Joyce Clark, another show girl, roommate of Miss Prevon, was summoned to explain her alleged statements to Dr. Gabor Kingstone, man-about-town and Reggie Morley ex-movie actor, that there was money in the case and that she intended to get it.
Dr. M. E. Rumwell, who attended Miss Rappe during her fatal illness, following the alleged assault on her by Arbuckle, was called before the grand jury to explain his alleged illegal autopsy on the body.
District Attorney Brady announced that Lowell Sherman, one of the guests at Arbuckle's fatal party and who was being counted on to appear as a witness in Arbuckle's trial on a charge of murder, has left the jurisdiction of the California courts. Sherman, who is a celebrated movie villain, is enroute to Chicago. There is no way to bring him back, Brady said.

TO ISSUE PLEA FOR NATIONWIDE PRAYER

Washington, D. C.—President Harding plans to issue a proclamation to the people on November 11, Armistice day, calling for silent prayer and commemoration in connection with the opening on that day of the limitation of armament conference and the burial in Arlington of the unknown American soldier dead. It was stated at the White house Tuesday.

Turmoil Of Europe Will Cut Parley Attendance

By Ed. L. Kren
By United Press Leased Wire
London — The road to Washington Tuesday was paved with obstacles for every European government.
Great Britain, France, Belgium, Italy—each was faced with domestic difficulties in making plans to send delegates to the disarmament conference called by President Harding for November 11.
Of these four countries it was doubtful if a single premier could attend the full session at Washington.
1—David Lloyd George of Britain, will almost certainly be kept at home by the Irish question and unemployment problems in England.
2—Carton De Wiart of Belgium, will have the reconstruction of his government to consider for the Belgian parliamentary elections are due at the time of the Washington conference.
3—Signor Bonomi of Italy will probably be required to remain in Rome as the Italian parliament opens in November.
4—Aristide Briand of France has reiterated his determination to head the French delegation to Washington but increasing opposition to his departure, led by his enemies will make it extremely difficult.
The same domestic problems which require the presence at home of Europe's prime ministers will probably prevent the presence in Washington of their ablest "right hand men."

Patrol Highways To Catch Bandit

By United Press Leased Wire
Coudersay—All motorists along Sawyer county highways will be stopped by Sheriff Fred Clarke's men today in an effort to capture the two-gun bandit who robbed the State bank here yesterday and escaped with \$2,000.
Motorists who are unable to give satisfactory explanation of their presence in the county will be taken into custody and held pending investigations.
A posse of citizens, armed with rifles of all kinds and equipped with high powered motor cars, started all night without success in an effort to capture the lone bandit. All neighboring cities have been notified and are asked to assist in the search.

Unionizing Move Is Sequel To Mine War

Convention of Miners at Indianapolis Launches Battle to Organize
WAR TERMED A DISGRACE
Leaders Believe Time Ripe to End Government of Mines by Armed Detectives
By United Press Leased Wire
Indianapolis, Ind.—Unionization of the West Virginia "mine war" counties developed Tuesday into the central question of the United Mine Workers' convention which opened in Tomlinson hall here.
International union officers realized that this movement is of first importance to their determined fight against the wage reduction proposed by the mine operators.
Mingo, McDowell, Logan and Mercer counties—the zone of the civil strife were said to be the battle ground upon which the operators and the union will fight out the entire question of labor organization.
The West Virginia mine war was characterized as a sham on the proud record of our great republic and a blot on one of its commonwealths, by President Lewis in opening the convention.
Amid nods of approvals and applause from the convention floor, Lewis announced he had wired Governor Morgan of West Virginia demanding that the state fulfill its guarantee of safety to Fred Mooney and Frank Keeney, district officers indicted and arrested in connection with the trouble.
"We expect in this convention," Lewis said, "to take up this matter with whatever authorities may be responsible. Meanwhile I want the word to go into West Virginia that the United Mine Workers of America will not tolerate violence against Keeney or Mooney."
He said that Baldwin-Pelti detectives had threatened the lives of the two district union leaders soon after 325 miners were indicted on charges of first degree murder and 200 other indictments were returned in connection with the trouble.
"There is no law in Mingo, Logan, Mercer and McDowell counties except the law of gunmen, who scurry over the mountains with the operators' commissions in their pockets," he said. "There are no officers except those elected by these forces. Imagine a grand jury selected by these men indicting our men and imagine the treatment they would receive at their official hands."

Consider Nation's Welfare

Governor McCray in welcoming the miners counselled them to consider the welfare of the nation in their deliberations.
During the nation-wide coal strike in November 1919, the mines in those four counties operated by nonunion men produced enough coal to materially aid the country in the fuel crisis through which it was passing. These mines are among the most productive in West Virginia and both the miners and operators appreciate their importance.
Each side is aware that as long as these mines, rich in coal deposits, produce sufficient fuel to operate the nation's basic industries, a strike of miners would not be as effective as if all the coal fields in the country were tied up.

Fight Wage Cuts

The matter that brought the West Virginia situation to the front was the repeated declaration of President John L. Lewis that the union will fight with all its strength against the wage reduction which the operators say they will put into effect at the expiration of their wage contract next March. A canvas of the 2,500 miners attending the convention from all coal regions showed that Lewis' position most probably will be endorsed by the meeting.
The convention itself will not deal directly with the wage question, but it is likely to adopt instructions for the scale committee which meets the operators in March. The matter then would be entrusted to the scale committee and another convention likely would be called in February to formulate definite demands or to accept the report of the committee.

NAME MRS. JOHNS MUSIC SECRETARY

Music Department of Womans Club Organizes at Its Opening Meeting

Mrs. J. L. Johns was elected secretary of the music department of Appleton Womans club at its first meeting of the new year Monday afternoon. A Ways and Means committee was named whose duty will be to make the meetings interesting, instructive and valuable to the community. It consists of Mrs. H. D. McChesney, Mrs. Ray Challenger, Mrs. Mark Oatlin, Mrs. W. L. Crowl, Mrs. J. T. Johns, Mrs. Walter Hughes, and Mrs. Roy Marston.

The membership committee will seek new members for the department and make a survey of what each member is willing to do for the program in the line of vocal or instrumental music or a paper. Those on this committee are Mrs. B. S. Dutcher, Mrs. John Dulick, Mrs. E. A. Munger, Mrs. J. L. Johns, Mrs. Walter Hughes, and Mrs. Roy Marston.

Mrs. Joseph Cox has charge of the entertainment committee. Her assistants are Mrs. Charles Reineck, Miss Irene Albert, Mrs. Anna Decker, Mrs. R. H. Starkey and Miss Marie Schommer. More than thirty members of the department were present at the first meeting.

APPLETON MEN TO BUILD HUGE LOCK

Green and Sons Start First Unit of Illinois to Mississippi Waterway

Green and Sons, contractors have commenced the concrete work on the huge lock near Marseilles, Ill., the governor of Illinois having thrown the first shovelful of cement into the waiting Monday. Members of the contract-

Mother's Best Flour
Now Here—\$7.85 Bbl.
C. A. PARDEE CO.

ing firm are Appleton men including Charles A. Green, 653 Drewst., and James H. and Robert Green formerly of Appleton. John L. Campbell, son of Mr. and Mrs. J. Campbell, 463 Story-st., holds a position with the firm.

The lock which the company is constructing is the beginning of the Illinois waterway to the Mississippi and is larger than any lock in the Panama Canal zone. The work on the structure will be completed by Oct. 1, 1922 and will cost \$1,500,000. The lock is 988 feet long, 110 feet wide and will furnish a lift of 21 feet between upper and lower pools.

A party of prominent Chicago men went to Marseilles Monday to be present when Gov. Small officially began the work. A lunch was served at the construction camp near the lock.

Leaves for Convention

As a reward for a high business record for the year, W. F. McGowan agent for the New York Life Insurance company, will attend the annual club convention of the company at Colorado Springs, Colo., from Sept. 23 to 26. Mr. and Mrs. McGowan left Tuesday on the first lap of the trip.

Home From Army

John Helmuth, who has been in the army service for some time, received his discharge last week at Camp Grant and has arrived home. He expects to locate at DePere and was in that city on business Tuesday.

Improve Sherman-pl.

Improvements to Sherman-pl. which have been in the limelight for two years because of the petitions and protests filed with the common council, the property owners not being able to get together on the matter, are nearing completion. A cement curbing has been put in and the street is now being cindered.

HIGH SCHOOL TO HAVE ORCHESTRA

Musical Organization Results from Meeting of Players Monday Evening

An appeal for high school students interested in the formation of an orchestra, resulted in a meeting of 25 enthusiasts Monday after school. Led by H. H. Hebble, the first rehearsal of the orchestra will be held at 7 o'clock Thursday evening. About 10 instruments were represented. Among the interested ones were seven who wished to play piano and as a result it will be necessary to hold an elimination meeting to determine who will receive the position.

So far as is known there has never been an official high school orchestra and the start must be made from the bottom. Borrowed music will be used until other plans are made. Probably 25 persons will make up the orchestra at its beginning but it is thought the organization will grow much larger. The ultimate aim is to secure a full time musical director and to form a high school band. Music in general in the high school has been sadly neglected, it is said, and it is hoped the formation of the orchestra will be a start to other things.

DEATHS

DOROTHY HILLER

Miss Dorothy Hiller, 41 died at 3 o'clock Monday at her home at 1213 Franklin-st. after a lingering illness. She was born in Greenville July 29, 1880 where she lived until about three years ago when she and her mother, Mrs. Elizabeth Hiller came to Appleton to make their home. She is survived by her aged mother, one sister, Mrs. Julia Schneider, Greenville, and one brother Alfred of this city.

The funeral will take place at 1:30 Thursday afternoon from the home and 2 o'clock from St. Paul Lutheran church with the Rev. T. J. Sauer in charge. Burial will be made in the Greenville cemetery.

ARTHUR TILTON

Arthur Tilton, formerly a resident of Green Bay, died last Wednesday at his home in Adrian, Mich., according to word received in this city. Burial was made in a Green Bay cemetery last Friday. Mr. Tilton is survived by his widow who formerly was Miss Carol Whitman of Appleton, and two children, Sylvia and Whitman.

John Letter Improving

John Letter, Jr., who was badly bruised on the head when thrown from a truck a week ago is much improved at St. Elizabeth hospital. Fears that the injury was a fatal skull fracture are now dispelled. His brother and sister, Victor and Josephine Letter have returned to Milwaukee from where they were called after the accident.

MEN WANTED

The American Legion Football Team will be organized Wednesday night, (Sept. 21), at 8 p. m. at the Armory. All men desiring to play on the team, be at the meeting. Measurements for suits and shoes will be taken.

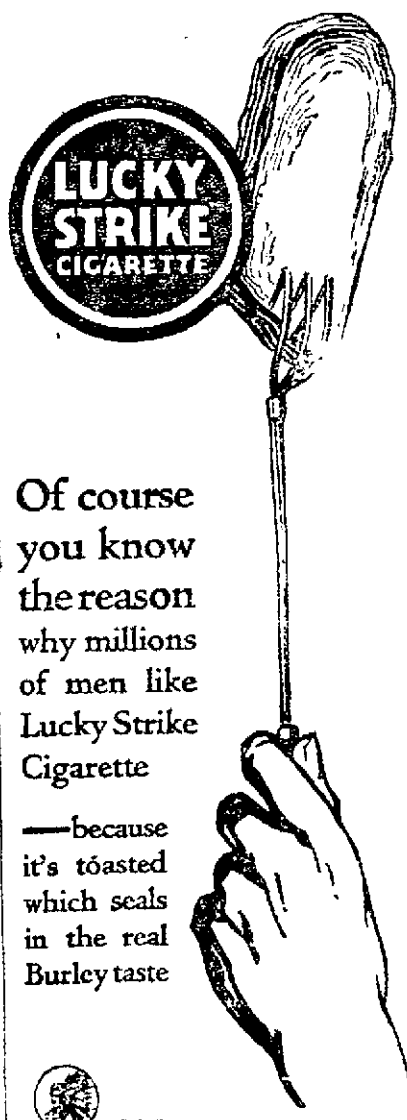

George W. Thoms news depot, which he will convert into a handsome up-to-date restaurant.

The building was owned by a Minnesota Junction resident named Herman Rollfink and was purchased through D. P. Steinberg, realtor, for a private consideration. As soon as it is vacated, Mr. Schneider plans to add a commodious kitchen to the rear, remodel the entire building and equip it with an entire new restaurant outfit.

Mr. Thoms recently purchased the property adjoining on the west and intends to erect a new business block there next spring.

Appointed Pathmaster

Royal Brainard has been appointed pathmaster of roads in the town of Grand Chute, by the chairman of the town board. He received his warrant of authority from the Wisconsin highway commission Tuesday.

FLYWEIGHT CHAMP WON'T GIVE WEIGHT TO HERMAN

By United Press Leased Wire
New York—Johnny Buff, American flyweight champion will not give weight to Pete Herman, bantam-weight champion when they meet here Friday night at the opening of the Madison Square garden season. Buff, who is training here, said he would weigh 118 pounds, the bantam-weight limit. The flyweight champion

said he weighed 119 pounds when he knocked out Indian Russell in a preliminary to the Wilson-Downey scrap.

CUSTODIANS of QUALITY

In every community there is one store which, by the high and unchanging character of its merchandise, comes to be regarded as A Custodian of Quality.

That is the aim and achievement of this store. Our only quest is quality, and no house can bribe us to forget it.

And the only reason on earth why we present Hickey-Freeman Clothes again this Fall is because we can find none better.

For the true economy of quality this fall buy a Hickey-Freeman.

URGES UNCLE SAM TO SHIELD KOREA

U. S. Control of Korea Would
Make Japan Impotent,
Missionary Declares

Charging that Japan is persecuting the Koreans with the cruelty of the Turk the thoroughness of the German and the cunning of the Oriental, the Rev. Harry C. Whiting, M. D., former medical missionary in Korea, in an address at the Baptist church Sunday evening urged Christian people of the United States to use their influence with congress to the end that this country take Korea under its protection and thus effectively block Japan in her efforts to gain entire control of Asia.

"Korea is the key to Asia," Dr. Whiting said, "on account of its geographical position. From Seoul to Berlin is only a nine days' ride on the transcontinental trains. The nation that controls Korea has control of Russia and China."

"Japan sent teachers and soldiers to Korea but this served to unify the Koreans rather than to subjugate them. God has chosen the Korean people for a special purpose in Asia. God often chooses apparent weaklings to carry out his plans. He chose David, Moses, and Samuel to do great things. Christ chose lowly fishermen to spread the gospel. So God has chosen Korea to be the missionary nation of Asia."

"The Koreans have always been missionaries. They got Buddhism from India and gave it to Japan. They also were instrumental in spreading Confucianism. They will now do the same with Christianity. They have already sent Christian missionaries to Shantung, Tokio, Vladivostok and Manchuria."

"The Japanese idea is, 'We have the right to take Korea if we have the power and we have the power Japan is not succeeding in dominating Korea although she is spending millions to police that country. The Koreans say 'We will not be Japs' and they are not. There have been known where Korean school boys teased the Korean flag on their chests when the Japanese enforced an order taking their national emblem from them."

"Because of their high ideals, the Koreans have had a uniform peace of thousands of years. These people were civilized 2,000 years before the Japs and are worth saving. They are worth helping to the limit. The Koreans want independence. They never invited Japanese domination as has often been reported in this country. Japan got into Korea by trickery during the Russo-Japanese war. At that time Japan made a treaty with Korea guaranteeing that country independence if she would permit Japanese occupation and protection until Russia was beaten. When the war ended, the Japs refused to evacuate the country."

"Japan is determined to dominate Asia. In 1922 the Jap navy will launch four big warships. They will have 4,000,000 well trained soldiers and will have a navy practically equal to that of the United States. Through conquest, Japan has added 62,000,000 people to her population and has greatly increased the number for a possible army."

Dr. Whiting closed his address by saying that he is one of the very few men in the United States who dares to tell the truth about Korea. He said he can be frank for the reason that he never expects to return to Korea. If he did his life would be valueless in the hands of the Japs. Missionaries who intend to return do not dare to tell aside the veil of secrecy which Japan has thrown around Korea, he said.

The Misses Ruth Lacey and Vera Rademacher spent Sunday with Osh kosh friends.
L. H. Koepke was called to Gillett Monday on business.

SENATORIAL PASTIME

WRIGHTSTOWN BRIDGE IS CLOSED FOR REPAIRS

The bridge across Fox river at Wrightstown is closed because of improvements that are being made to the highway on each side. An Appleton resident was not aware of the fact until he reached the structure Monday afternoon. He then had his choice of a 9 mile tour by way of Delore or a 7 mile detour by way of Kaukauna.

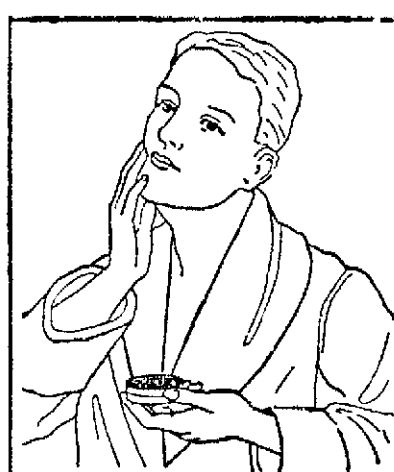

BENEFIT CONCERT TO BE GIVEN SOON

Proceeds of Program at Theatre to Pay for Movie Machine for Sanatorium

Friends of the patients of River-view Sanatorium have arranged for a benefit concert to be given at Appleton theatre Wednesday afternoon, Sept. 28. The proceeds of the concert will go for a moving picture machine to be installed at the sanatorium for the patients.

Outagamie county has the reputation of providing splendid care for its tubercular people, but no money can be provided for extras which makes the lives of the patients more pleasant. Many Appleton people have some way of helping these people and several friends of the patients have banded together to put on this concert.

Winner Players will put on some specialty acts for the program. Other numbers will be announced later. The Appleton Woman's club is lending its office facilities so that tickets for adults and children may be procured there. Those who are selling tickets in the city are also using the club-rooms as a clearing house in which to turn in the proceeds and unsold tickets.

CHILDREN OF EXILED AUSTRIAN MONARCH

This is the latest photograph of the children of Carl, exiled emperor of Austria, and Ex-empress Zita. From left to right they are Felix, Karl Ludwig, Maria Antonia, Adelheid, Crown Prince Otto, Rudolf and Robert. This is the first picture received in America of the newest babe. Recent stories from Europe say that Charles again will attempt to resume his old throne. Other rumors are that he will leave Switzerland for Spain.

Marry at Greenville
The marriage of Miss Hilda Seifert, daughter of Mr. and Mrs. Julius Seifert of Greenville, to Edwin Tellock, son of Mr. and Mrs. Rudolph Tellock, also of Greenville, took place at 2 o'clock Tuesday afternoon in the Evangelical Lutheran church at Greenville. They were attended by Miss Mabel Seifert, sister of the bride, and Miss Gladys Tellock, and Albert Tellock, sister and brother of the bride groom and by Edwin Lueck.

The bride's gown was white georgette crepe and Chantilly lace, while Miss Seifert wore orchid crepe de chine. The bridesmaids wore white and the bridesmaids carried carnations and lilies.

Little Miss Norma Seifert, another sister of the bride was flower girl and Eldred Tellock, nephew of the bridegroom was ring bearer. A wedding dinner was served at the Seifert home to about 65 guests. The young couple will make their home in Greenville.

Elect Miss De Young
Miss Dorothy De Young was elected manager of the Appleton Women's club basketball team at a meeting of the girls interested in the team at the clubrooms Monday night. The first preliminary tryout games for all girls interested in basketball will take place at the high school at 7:15 Monday night. A series of interteam games has been planned for November and the teams will be ready for outside games in December. A series will probably be arranged with women's clubs and Y. W. C. A. teams in Green Bay, Oshkosh and Neenah.

Weds DePere Girl
The marriage of Miss Susie Cavill of DePere to George W. Johnston of Appleton took place at 4 o'clock Monday at the home of the Rev. David O. Sandborn, 867 Morrison st. who performed the ceremony. The young couple was attended by Mr. and Mrs. Andrew Schultz, 153 Locust st. A wedding dinner was served at 7 o'clock to immediate friends at the Schultz home. Mr. and Mrs. Johnston will make their home in DePere.

For Ministerial Students
More than 20 Lawrence students who intend to study for the ministry met at the home of Prof. E. P. Emmet, 691 Meade st. Monday night. The gathering was the first meeting of the Oxford club. Dr. William McPherson welcomed them into its membership. Dr. J. H. Tippet, new district superintendent of the Methodist church was guests of honor. Refreshments were served after an interesting program.

Announce Engagement
Mr. and Mrs. Henry C. Jones, 932 Winnebago st., announce the engagement of their daughter Laurinda to Carl E. Behnke of Evansville. Both young people are well known in Appleton and former Lawrence students. Mr. Behnke is a graduate of the law school of University of Wisconsin and a member of Phi Alpha Delta fraternity. The marriage will take place sometime in October.

Entertainers for Guest
Mrs. M. E. Olin, 645 Lane st. entertained the Berwin Sunday school class of the Methodist church at her home Monday evening in honor of the Rev. Thomas Walker of British Columbia. The Rev. Walker was the former teacher of the class and is the guest of Appleton friends.

Skat Winners
Bert S. Dutcher won first place in a members' skat tournament at the Elk club Monday night. John West took second place and J. L. Wolf was third. Seven tables of players participated in the game.

Square Triangle
The Square Triangle club will hold its first meeting at the home of Prof. E. P. Emmet, 691 Meade st. Tuesday night. A special program and refreshments are promised the members who attend.

Scout Meeting
Troop 3, girl scouts will begin work for tenderfoot tests at 7:15 Tuesday night at the Women's clubrooms. This is the first regular meeting. Organization of the troop will occupy the first part of the meeting.

Card Party
Ladies of Mooseheart legion will have an open card party at Moose Pythian hall at 8 o'clock Wednesday night. Prizes will be awarded and refreshments served.

Card Party
The Christian Mothers will give their first card party of the season at St. Joseph hall Wednesday evening.

Matinee Musicals
The Matinee Musicals will have a business meeting at 4 o'clock Thursday at the Lawrence conservatory. All members are urged to be present.

DELICIOUS AND REFRESHING

"Y" GYMNASIUM CLASSES GET OFF TO GOOD START

Business men's classes in the Y. M. C. A. gymnasium started Monday with an enrollment of 50 men. Classes will be conducted according to the schedule and will undoubtedly grow considerably before long. About 100 vocational boys registered the first day but boys' classes in general did not show such good results.

PERSONALS

Mrs. John Morgan has just assumed her position as teacher at Appleton Vocational school. She recovered recently from an operation and was delayed on that account.

Miss Lorraine Knapstein was in Fond du Lac Monday. She accompanied her sister who went there to submit to an operation.

Dr. G. N. Pratt left Saturday for the east where he expects to spend two weeks in hospitals in the study of his profession.

Mr. and Mrs. Michael Lesselovng and John Lesselovng of Ishpeming, Mich. returned to their homes after touring to this city to attend the funeral of Peter Lesselovng. Miss Gertrude Detjen of Algoma is the guest of Appleton and Lawrence friends.

Miss Ruth Nelson of Manitowish is visiting Appleton friends. Miss Anna Demerath left Monday for Marathon and Edgar where she will spend a week with friends.

Miss Josephine Hensch left Monday for the University of Wisconsin where she will take a post-graduate course in English and history. Mr. and Mrs. L. M. Schindler, 707 Clark st. entertained Mr. and Mrs. E. J. Peterson and family of Neopit over the weekend.

Mr. and Mrs. George Ziehlke have returned from a two weeks' trip Chicago, Detroit, Toronto, Niagara Falls and Buffalo, N. Y. Mrs. L. H. Mack, Mrs. Fred La Marche and Mrs. Charles Hickey of New London attended the funeral of Peter Lesselovng Monday.

John P. Behnke, Lawrence Bell and Miss Florette Zuehlke left for Milwaukee Monday to meet Mrs. Behnke, Mr. and Mrs. B. J. Zuehlke and Mrs. G. A. Zuehlke, who were returning from a ten days' trip to Mount Clemens, Mich.

B. C. Koepke was at Green Bay on business Monday.

Cosmolac Will Preserve and Beautify Your Woodwork

The surface that is covered with Cosmolac is proof against the ravages of hot or cold soapy water, sunshine, snow, alcohol or washing compounds.

No varnish made even can approximate the tough, elastic durable Cosmolac.

Swelling or shrinking wood will not crack it, nor will it bruise white if hit by a hard substance.

Wherever varnish can be used Cosmolac will impart a full, even and permanent lustre which will endure all kinds of exposure.

Ask for Cosmolac—"with the man on the can."

Phil Calls Time

Marty Mink and Cob Coon (struggling in the water and pummeling each other for dear life) rolled out on the ground at the very feet of Nancy and Nick and Sprinkle Blow who had been watching the whole thing.

Cob had hold of Marty's bushy tail and Marty had a grip on Cob's ear.

"You've spoiled all my fun!" cried Cob, giving Marty's tail a jerk.

"And you've spoiled my dinner!" snarled Marty, pulling Cob's ear so hard it nearly came off, and reaching for the other.

"I've been waiting to catch Blackie Bass for years and now you've gone and ruined everything!"

"And I've been waiting too!" replied Cobb, punching Marty in the eye, and I'm sorry to say kicking him also in the ribs which knocked the breath out of Marty so that he couldn't answer.

"Mr. Moon helped me by going away," went on Cob, and Sprinkle Blow muddled the water.

"No, they helped me," panted Marty, who'd found his breath by this time.

"Oh I do wish that you would keep out of my way. You are a nuisance." And to show that he meant it, he hit Cob on the nose as hard as he could.

"Dear, dear!" said Sprinkle Blow to Nancy. "This has gone far enough. I'll have to tell Phil Frog to call time. That will stop them. Nick you go over to Lily Pond and tell Phil to croak as loud as he can."

In a minute there was a loud "Ker-chug! A hunk!" from Lily Pond.

Marty and Cob let go and listened then they were off like a streak to hunt Phil. They'd forgotten all about Blackie.

Down under his livid pad Phil laughed. He knew he was safely hidden.

Blackie Bass under his rock, was laughing too. Solemnly.

To be continued.

Cook Your Pork Well

Be it remembered that pork is one of the meats that should be well done. Always figure on from 45 to 60 minutes for cooking chops or tenderloin.

The simplest way to cook pork tenderloin is to have the meat Frenched.

Frenched Pork Tenderloin
Cut tenderloin into slices about two inches thick across the meat. Flatten each with a wooden potato masher. Or tell the butcher you want your tenderloin Frenched, and he will do it for you. Season each piece with salt and pepper and roll in flour. Melt bacon fat in a frying pan and when just ready to smoke put in the meat. Turn quickly to brown on both sides. Reduce the heat and cook slowly for half an hour. Remove meat from pan and keep hot. There should be about 2 tablespoons of fat left in the pan. Add 2 tablespoons of flour and stir until smooth. Let the flour brown slightly. Stir in from 1 1/2 cups to 2 cups of milk, adding the milk slowly as when making white sauce. Season with salt and pepper and cook five minutes. The gravy may be poured over the meat or served in a gravy dish.

Stuffed Pork Tenderloin
Select two small tenderloins. Wipe with a damp cloth. Cut the meat lengthwise, pulling it apart until almost split in two. Spread the split side with a dressing made of stale bread cover with the other tenderloin split side down. Sew edges together, sprinkle with salt and pepper, and bake forty five minutes in a moderate oven basting frequently with 1

cup of hot water and 1 teaspoon of butter.

Dressing
One and one-half cups soft stale bread crumbs, 1/2 teaspoon salt, 1/4 teaspoon pepper, hot water.

Mix the crumbs, salt and pepper and add the water very carefully. There should be just as little as possible to make the crumbs stick together. The dressing will absorb the meat juices during the baking and if it's too moist when made the cooked dressing will be wet and soggy.

Tenderloin and Sweet Potatoes
Wipe the meat with a damp cloth and cut in slices, crosswise, about 1/4 inch thick. Pare and slice sweet potatoes the same size as the meat. Put a layer of meat in a buttered baking dish or casserole, sprinkle with salt and pepper. Cover with a layer of potatoes, sprinkle with salt and dot with bits of butter. Continue alternating layers of meat and potato until the dish is two thirds full. Pour over 1/2 cup of hot water, cover and bake 45 to 60 minutes in a moderate oven. Remove the cover for the last 15 minutes to brown the top. There should be enough water to create steam and prevent burning the first few minutes of cooking.

Work at Stevens Point
Newby & Ludwig, who were awarded the contract for the new armory and stock pavilion at Stevens Point called for additional bricklayers and masons Monday and among those who responded were Charles Ritzel, Anton Odso and Patrick Mauron.

All Bricklayers Employed
William J. Eggert, secretary of the bricklayers union is having more calls for bricklayers, masons and plasterers than he can furnish. One of his latest calls was from A. H. Prosch of Iron River, Mich., who wants five bricklayers for eight weeks' work. He was unable to send him any all those residing in Appleton being employed.

ASK POLICE TO HELP CAPTURE NOTED BANDIT

Appleton police are keeping a look out for George Michael Ditsch, alias Webb who escaped from the jail at Wausau last Friday. Ditsch was being held in the city jail there pending his transfer to Waupun to serve a seven year sentence for holding up and robbing 1 men in the Northern Hotel at Wausau, Sept. 11.

The prisoner escaped by sawing through the bars of his cell. He has a lengthy jail record having previously done time in Minnesota. Ditsch weighs 150 pounds and is of average height. He is an apprentice pressman, a card player, an easy talker and a gun totter.

Occupies New Store
E. W. Shannon has moved into his new building at the corner of College and Durkee st. which he has had fitted up handsomely since he purchased it several months ago. It will be several days, however, before he gets permanently settled. He has sublet his former quarters to the Holland Furnace Co.

The real reason for a pretty skin

Why is it that one girl has a fresh, smooth complexion and another a skin which is lifeless, dull and sallow? Is it a gift of Nature or some guarded beauty secret?

It is a secret, but an open one in which every woman may share. It consists in knowledge of the care which keeps the skin active—in the care which frees it from clogging, poisonous accumulations and puts each tiny pore and skin cell to work.

This care consists in scientific cleanliness—in the removal, every day, of all dirt, oil secretions, excess cold cream, powder and rouge.

This is the means
To do this, use mild soap and apply it with your two hands. Massage it thoroughly into your skin and remove with many warm rinsings.

Apply a touch of cold cream and if your skin is very dry rub in a little before washing.

This treatment makes your skin fresh as a rose, with the touch of rouge and a little powder—attractive embellishments but not necessities.

Choose the mildest soap
You must use mild soap for such beautifying cleansing and the mildest you can choose is Palmolive. It is blended from palm and olive oils which Cleopatra used in her elaborate toilet. These rare oils are the mildest cleansers Nature ever produced.

Their combination in Palmolive produces a profuse, creamy lather that is as smooth as a lotion. It penetrates every tiny pore and removes every trace of dirt, oil and cosmetics, leaving the skin wonderfully smooth.

If you want to keep your skin fresh and rosy begin their beautifying cleansing today. Then let your mirror tell you how well you succeed.

Cosmetic soap at 10 cents
The price of Palmolive will surprise you as much as its quality. You will wonder how such a luxurious facial soap can be offered for ten cents. This is the secret.

The demand for Palmolive keeps the factories working day and night. It necessitates the purchase of these rare oils in enormous quantities. Our production is on an efficiency basis.

All this reduces manufacturing costs and allows us to offer Palmolive at a popular price. It permits you to use it freely on the wash stand and for bathing—to enjoy the greatest modern luxury without thought of cost.

POLICE ROUND UP AUTO THEFT GANG

Sixteen Cars were Recovered at
Milwaukee After Arrest
of Ringleaders

By United Press Special Wire
Milwaukee—Operations of the alleged Milwaukee clearing house for stolen automobiles, exposed during the investigation at Chicago of "handcuff" murder mystery, terminated here Monday with the arrest of five alleged ringleaders by the police.

Dozens of automobiles taken from the streets during the last year or more were recovered with the arrest of the five men.

The men taken into custody were Frank Smith, alleged by the police to be the "master mind" of the auto theft plot, Albert and William Smith, brothers of Frank, living near Rice Lake and Carl Zimmerman and Emil Hebrung, both of Boylston.

It was learned from the police that the men rounded up during the week-end were brought to Milwaukee where they were alleged to have confessed to dealing and selling more than sixty cars. They are being held at the local police station, pending further investigation.

Sixteen of the cars reported stolen have been recovered by the police. Police say the men stole the cars, took them to the garage of Frank Smith, where the engine numbers were clipped off and licenses changed and some of the cars repainted. It was also reported the cars were driven to the farm near Chippewa Falls and later disposed of in Chippewa Falls and Eau Claire.

8,000 HEAR GOV. BLAINE PRAISE BADGER GUARD

Janesville—Eight thousand persons heard Gov. John J. Blaine at the fair grounds Sunday afternoon pay tribute to the valor of the Wisconsin National guard and express the hope that it might never be called upon to fight in war again. He said that since its organization in 1879, the guard had been called out three times for war service and 14 times for other duty. Military organizations from Janesville, Beloit, Monroe, Delavan, Edgerton and Stoughton participated in the two day spectacle, closing with a sham battle Sunday night.

BANDIT GETS \$2,200 IN COUDERAU HOLDUP

Couderau—A lone bandit held up Cashier Harold Erickson of the State bank here Monday and escaped with \$2,200.

The robber entered the bank and after asking for some change, drew a revolver and ordered the cashier to throw up his hands. After taking all the money in sight, he made his escape without detection.

Erickson spread the alarm, but up until a late hour Monday nothing had been heard of the bandit. A posse of citizens were gathered together to aid in the search for the bandit.

LEEMAN PASTOR WILL PREACH CLOSING SERMON

Special to Post-Crescent
Leeman—Mr. and Mrs. Herman Schroeder and daughters Marjorie and Lillian autoed to Appleton Wednesday.

Mr. and Mrs. Arthur Laabs of Clintonville visited E. Rhodens last week. Mr. and Mrs. Silas Poole, Mr. and Mrs. Stanley Malm and children, Miss

Gib Horst's Imperial Players at Al. Giesen's Pavilion, Stephensville, Wednesday night, Sept. 21st.

Marjorie NaGreen and O. NaGreen who have been visiting at Madison returned home last Wednesday.

Mrs. Thomas Allen is on the sick list this week.

Mrs. Charles Dorsen of New London who has been visiting friends here returned to her home Friday.

Fred Ames and Mr. and Mrs. B. H. Ames autoed to Suring Friday. Mr. and Mrs. B. H. Ames will visit relatives there.

Mrs. Peter Lind, Darwin and Philip Lind, Mrs. Warm and Mrs. Olson were Clintonville visitors Tuesday.

The Rev. Mr. Milford will preach his farewell sermon at Leeman congregation church Sunday evening, Sept. 25. Services begin at 8 o'clock.

KNIGHTS TEMPLAR TO MEET IN MILWAUKEE

Milwaukee—The grand convocation of Wisconsin commandery, Knights Templar, will open in Milwaukee on Oct. 10 and will continue two days. More than 2,000 knights from Wisconsin, Michigan, Illinois and Indiana will attend Monday's session including a business meeting followed by a parade to the Auditorium. Election of officers will take place on Tuesday, and an automobile tour will finish the program.

ARBuckle FILMS ARE BARRED IN WISCONSIN

Milwaukee—Following a mail vote as to the showing of Arbuckle films in the libraries of the state, the pictures were barred from 500 Wisconsin theatres by action taken by the board of directors of the Wisconsin Exhibitor's association. Distributors, it is expected will co-operate with exhibitors in withdrawing the films.

GRIMMER ELECTED SENIOR C. E. HEAD

Societies of Reformed Church
Elect Officers and Make
Year's Plans

Kaukauna—Annual election of officers was held Monday evening at a joint meeting of the senior, intermediate and junior Christian Endeavor societies of Reformed church in the church parlors.

Elmer Grimmer was elected head of the senior society. Olive Gerhart was elected president of the intermediate department and Helen Weisenbach was named president of the junior society. Other officers elected were: Seniors—Olive Jacobson, vice president, Lillian Sager, secretary, Laura Klumb, corresponding secretary; Laura Mau, treasurer, Laura Mau

was named pianist. Oliver Miller was appointed librarian for three months and Edward Mau marshal.

Intermediates—Wilma Klumb, vice president; Leona Wenzel, secretary; Edward Wenzel, treasurer.

Juniors—Walter Paschen, vice president; Edna Sager, secretary; Sylvia Nagel, treasurer, Dorothy Haase, organist and Lester Linderdum, reporter.

Edwin Miller was elected manager of the senior society basketball team and was authorized to secure use of hall for practice. Plans will be made to support a strong net against this winter.

It was voted to hold a first annual banquet for the new officers October 1, at the night of the next regular business meeting. An executive committee consisting of Ada Rohm, Edwin Miller and Melvin Trams was appointed to take full charge of the matter. A good speaker will be secured to address the guests at the banquet.

A social meeting was held after the business sessions. Games were played and group stunts conducted. Refreshments were served to more than 50 people.

Kaukauna Personals

Mr. and Mrs. John Gerund spent Sunday with relatives in Barton.

Mr. and Mrs. H. H. Van Abel and sons, Eugene and Clifford autoed to Hollandtown Sunday and spent the day with relatives.

Mr. and Mrs. William Peters of Rudolph are spending a few days in this city.

William Fisher visited in Clintonville Sunday.

Mr. and Mrs. Henry Dachelet, Alvin Dachelet and Beatrice Farwell of Appleton, were guests at the home of Mr. and Mrs. Gus Dachelet Sunday.

Mr. and Mrs. Louis Mayer, Mrs. Lunkheimer, Mrs. Peter Hoolihan and Mrs. Peter Lorrin autoed to Holy Family convent near Manitowoc Sunday.

Miss Ella Ulrich has returned to Kaukauna after being away for two weeks on a vacation.

The Misses Alvera Plotz and Erna Specht, Otto Hass and Norman Gerhart autoed to Onoda reservation Sunday.

Mr. and Mrs. Louis Crevier and son Foster were Sunday visitors in Antigo.

Mrs. John Plant of Chicago, was a guest for several days at the home of Mr. and Mrs. Peter Rauth.

Mr. and Mrs. H. E. Thompson and Mr. and Mrs. O. T. Thompson autoed around Lake Winnebago Sunday.

Mrs. Clarence John of Green Bay spent Sunday at the home of Mr. and Mrs. August Glazier.

Miss Blanche Glass of Manitowoc spent Sunday with friends in Kaukauna.

William Radder and the Misses Lorraine and Priscilla Radder autoed to Wayside Sunday.

Mrs. Frank Rowlewich of Green Bay was a guest of friends here Sunday.

Mr. and Mrs. John Dachelet of Green Bay, spent Sunday at the home of Mr. and Mrs. Gus Dachelet.

Arthur Look and George Wiggers left Tuesday morning for Madison where they will enter the university.

THREE DIPHTHERIA CASES DISCOVERED

Health Department is Taking
Steps to Prevent Spread
of Disease

Kaukauna—Diphtheria, which seems to be quite prevalent in the state, has been found in this city but quick work of the city health department has prevented the disease from spreading. Only three cases have been reported to the health department. Three families, one living near the edge of the city and two outside the limits have been quarantined, but it is expected they will be released soon. The families are neighbors and the disease evidently was spread through the children.

Great care is exercised by the health department to prevent diphtheria from getting a start. Persons who have noticed symptoms of sickness have been warned to take no chances but visit a doctor at once.

Begin Excavation

The municipal building which is to fill one of the city's greatest needs and probably will mean much toward the uniting of community spirit between the two sides of the river is under construction. Men began excavating Monday morning preparatory to laying the foundation. Only a few are employed at present but the force will be increased rapidly as the work progresses.

Plan for District Meet

Plans for the quarterly district meeting of the Rebekah lodge to be held Thursday at Manitowoc will be made at a meeting of Rose Rebekah lodge Tuesday evening in Odd Fellow hall. Other business will be disposed of.

Measuring Party

The Missionary society of Brokaw M. E. church will hold a measuring party Wednesday evening at the home of Mr. and Mrs. W. F. Ashe. The party will be for all who wish to attend provided they pay one cent for every inch of their waist measure for admission. The evening will be spent in playing games after which refreshments will be served.

Class Elects

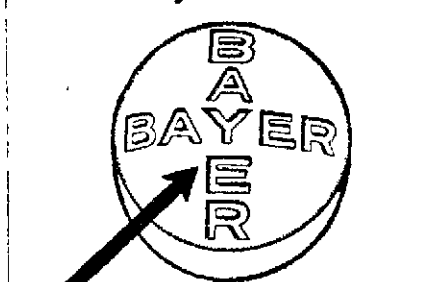

Myron Black was elected president of the Junior class of the high school at a meeting Monday afternoon. Amy Bayorgson was elected vice president. Lillian Sager, secretary-treasurer and Miss Tessie O'Keefe, class advisor. Enola Van Leshout and Harold Dorius were elected representatives to the student council.

Epworth League

The regular devotional meeting of Epworth league of the Methodist church will be held Tuesday evening in Epworth home. Miss Edna Ruff will meet all those interested in music.

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid. adv.

William Radder and the Misses Lorraine and Priscilla Radder autoed to Wayside Sunday.

Mrs. Frank Rowlewich of Green Bay was a guest of friends here Sunday.

Mr. and Mrs. John Dachelet of Green Bay, spent Sunday at the home of Mr. and Mrs. Gus Dachelet.

Arthur Look and George Wiggers left Tuesday morning for Madison where they will enter the university.

Piles

Can't Be Cured from the Outside

External treatments seldom cure Piles. The cause is inside—bad circulation. The blood is stagnant, the veins flabby.

The bowel walls are weak, the parts almost dead. To quickly and safely rid yourself of piles you must free the circulation—send a fresh current through the stagnant pools. Internal treatment is the one safe method. Ointments and ointment won't do it.

J. S. Leonhardt, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription Hem-Roid, and tried it in 1000 cases before he was satisfied. HEM-ROID is a harmless tablet, easy to take, and can always be found at your druggist, who is authorized to refund the purchase price to any dissatisfied customer. adv.

CROP ABSORPTION MEANS PROSPERITY

Business Expert Sees Restoration of Business in Agricultural Situation

Demand for farm products and consequent prices are a true barometer of the country's volume of business and its future commercial welfare, according to a statement by Arthur Wall Douglas, chairman of the committee on statistics of the national chamber of commerce, in a recent communication to the Appleton Chamber of Commerce.

"The story," Mr. Douglas said, "is much the same everywhere: A partial and unequal harvest; bountiful crops in some sections and parched and burnt fields in adjacent sections; prices

Atlantic City Salt Water Taffy. Pure, clean and wholesome. The candy all children love. Sold by J. E. Voigt, Druggist.

es and demands for farm products that are far from satisfactory to the producers. Yet these same products are seeking a market wherever they can find it in order that the obligations of the farmers may be discharged. There is an abundance of foodstuffs in the country despite small yields in some grains."

Mr. Douglas insists that commercial absorption of crops as fast as they can be produced, means prosperity for the country. He illustrates this by pointing to the south. Last year, cotton warehouses were full and business depression was great. This year the carry-over cotton is moving and will be practically used up by next July. As a result of this condition, the south is warming up to renewed prosperity.

In grain regions where farmers market hogs, wheat and corn, the same condition is apparent. Mr. Douglas said. While he looks for some improvement in business on this account, however, he does not think it will bring profuse prosperity because farmers cannot do more than meet past obligations and current expenses.

STUDENT LECTURES TO BE GIVEN EACH MONDAY

"Why Go To College?" will be the subject on which Dr. Samuel Plantz will speak to the first year men in the old chapel at 7 o'clock Monday night. This is the first of a lecture series compulsory to the new students which will take place on Monday nights and include topics which have a direct bearing on the welfare of the students. Such topics as efficient use of the library, how to study and how to save time will be taken up by members of the faculty and outside speakers.

A similar course is being offered to the freshmen girls in the Y. W. C. A. room of Memorial chapel under the direction of Mary Beale Housel, dean of women, as chairman of the committee.

NOISY AUTOMOBILES ARE DISTURBING SLEEPERS

Residents of Franklin-st., between Oneida and Morrison-sts., are protesting against the parking of automobiles in front of their residences evenings which makes it impossible to get in or out of their premises or get to sleep until a late hour. The people parking their cars on this thoroughfare are usually those who attend the theatres and as they leave for home a different noise from 9:30 on caused by drivers leaving their couteurs open.

Owing to the trees on the opposite sides nearly overlapping, the street is dark and quite a number of articles have lately been missed from automobiles. One of the heaviest losers last week was Charles Hagen, who had a valuable robe stolen.

COMPLETE WELL FOR NEW LUTHERAN AID BUILDING

The drilled well that is to furnish water for the new office building of the Aid Association for Lutherans was completed Saturday at a depth of 200 feet. A good flow of sulphur water, apparently soft, was struck and is forced to within 50 feet of the surface. The well is eight inches in diameter and is piped to the rock, a distance of 100 feet. The second 100 feet is through solid rock and sandstone. The water is to be piped throughout the new building.

"RUSHING" PERIOD IS AT ITS HEIGHT

Greek Letter Societies Are Busy Choosing Members from New Student Body

If you meet some girl from Lawrence on the street and she hurries by with only a nod and a half smile, she's rushing. If she does stop to talk to you, but her mind is evidently on something else, she's rushing. If you happen to be lucky enough to get a date, but she insists on saying things which have no bearing on the subject, she's rushing.

As one girl puts it, "rushing is a

GO TO CLIFTON FOR ALL-COLLEGE DAY

Student Will Take Steamer Paul L Wednesday Morning for Outing

Promptly at 8 o'clock Wednesday morning, the Paul L and the Mayflower will steam away from the government dock carrying nearly 500 Lawrence students on their way to Clifton for the annual all-college day celebration. Other students will make the trip by auto.

The afternoon has been set aside for the contests between the year men

Only 3 more days to Big 5 Dance, Friday evening, Sept. 23rd, Armory G. Hear the Deepwater Orchestra, the orchestra that's making the hit all over Northern Michigan and Wisconsin. Dancing 9 till 2.

state of mental and physical hurry." Greek letter social societies at Lawrence are in the middle of the period known as "rushing," when they look over new students and decide which ones they wish to invite to be members of their group. It means a series of entertainments, usually one, sometimes two or even three a day for each group, for nine days. For the new students who are being pursued by two or three groups, it means one continual round of dates with members of societies all of which sound alike to one who is unfamiliar with the organizations.

The program includes a variety of activities from Red Devil lunches to down river picnics, from matinees and teas to informal fudge parties. The girls are limited by dormitory hours during the week, but the men continue their rushing into the evenings. The men include in their program theatre parties, smokers, dinners and informal gatherings.

Many prominent Appleton people have been assisting groups of which they are patrons and alumni members with their entertaining.

and their deadly rivals, the sophomores. Push ball, tug o' war, bag rush and others will be the means of settling the dispute as to the superior class. The students are promised a faculty-senior baseball game this year. The game is an old tradition, which has been disregarded for two or three seasons, possibly because Dr. Plantz, star for the faculty, has not been up to his hating average.

Each class furnishes two meals for its members at Clifton. Those in charge of various committees are: Earl Hunting, Racine, tickets; Alfred Root, Appleton, boats and John Markham, Manitowoc, games.

HEAVY RAINS CLARIFY FOX RIVER AND LAKE

The heavy rain Monday night settled the greater portion of the green scum in the river and was just what was needed to purify the water. With summer heat over and the disappearance of a great portion of the vegetable matter in the water it is not expected there will be any further trouble this season from dead fish or from an offensive odor from either Lake Winnebago or Fox river.

260 CAMPING PARTIES HAVE USED ALICIA PARK

Tourists are still taking advantage of the public camping grounds at Alicia park, from two to four camping parties pitching their tents each night. The total number of camping parties that have used the park since it was opened early in July is 260. The register shows they were from all over the country and from Canada. Practically all of them admitted it was one of the prettiest camping spots in their journeys.

Much Tire Trouble
Sunday was an expensive day for owners of automobiles for few escaped without at least one blowout. On the Appleton-Menasha road nearly a dozen tires were being replaced at one time during the afternoon and similar instances were reported on Oshkosh and Green Bay roads. The trouble was assigned to weather conditions more than anything else.

He Won the Bet

"I was skeptical of all medicine and doctors. A friend advised me to take May's Wonderful Remedy and assured me it had cured him of his stomach trouble. I didn't take any stock in it and he bet me \$50 that it would be equally successful in my case. He won the bet." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Druggists everywhere. adv.

IRON RIVER LUMBERMAN BUYS RESIDENCE HERE

Woman's Club Community Dance, Tuesday, Sept. 20th, 8 to 12 P. M., Armory. Valley Country Club orchestra. Single tickets 50c.

his family here. Mr. Smith is in the employ of the G. W. Jones Lumber company as buying and selling agent and will make his headquarters in

Appleton instead of Iron River, where he has resided for the last four years. Mr. Smith has been identified with the Jones' interests since 1908.

HUNTERS OUTNUMBER DUCKS AT LAKE POYGAN

Duck hunters who were at Lake Poygan Saturday claimed the strong wind stirred up such a heavy sea it was impossible for them to use their skills or even their launches without danger of being swamped. All were compelled to keep close to shore with the result that very few birds were captured. On the opening day of the hunting season the hunters were said to outnumber the ducks.

ORNAMENTAL BRONZE TO BE USED FOR ELEVATORS

The inclosures and cabs of the passenger elevators to be installed in the new office building of the Aid Association for Lutherans are to be solid bronze, that being the selection made at a meeting of the building committee Saturday. The freight elevator will be iron. The association has already had a large number of applications for offices, but as yet has made no bookings. It is possible, however, that the renting of the offices will begin with the next thirty days.

Mr. and Mrs. George Spencer of Libertyville, Ill., arrived in Appleton Monday for a several days' visit with relatives and friends.

Good Health for Good Results

Keep Efficient by Keeping Well

This Letter Will Tell You How

"I suffered terribly every month, and was always tired and nervous, and had indigestion, and often could not do a thing. I was this way about two years, and had to stay home with my mother. I tried several medicines, then I found a book of yours, and mamma told me to try the Compound. So I got a bottle of Lydia E. Pinkham's Vegetable Compound, and it certainly worked wonders with me. I have taken six bottles of it, and am still taking it when I feel the need of it. I have already recommended it to a number of working girls, who are taking it. I am working now, and stand up all day and feel fine. I am glad to say that Pinkham's medicine did a lot for me and for my mother, and we only wish we had taken it a long time before."—Rose Schoeff, 4876 Annunciation St., New Orleans, La.

This letter is but one of a great number received every year from women, young and old, and from almost every walk of life. These letters testify to the merit of Lydia E. Pinkham's Vegetable Compound.

Miss Schoeff works for her living, but on account of sickness was obliged to stay at home for two years. During this period she suffered terribly at times. She tried several medicines without finding relief. Finally she tried Lydia E. Pinkham's Vegetable Compound, and in this letter tells what it did for her.

The Vegetable Compound contains no narcotics or harmful drugs, and can be taken in safety by any woman. Your livelihood may depend on your health. So try

24½ Million Dollars Invested by Employees of Swift & Company

More than 21,000 employees of Swift & Company own or are paying for shares in the business. These men and women have attested their faith in the integrity and good will of the company by investing their savings in the business.

Their holdings represent a total of nearly 250,000 shares, the par value (\$100 a share) of which is more than \$24,500,000.

These 21,000 represent more than one-third of our average number of employees!

One man out of every three, in plant, office, and branch house, from the handworker on the floor to the brain worker at the desk; working with us as well as for us, devoting himself to his own business while devoting himself to ours; promoting his own interests in every motion or moment saved, in every product improved or maintained at perfection, in every service rendered through prompt, thorough, effective distribution of products.

This interested, eager group of fellow partners working with us for the good of Swift & Company and the public which we serve, constitutes one-half of the ownership of Swift & Company in point of numbers, and nearly one-sixth in point of shares outstanding.

It represents practical and successful progress toward the end at which enlightened modern industry is aiming for the solution of industrial problems—toward cooperation, mutuality, brotherhood in business, for the good of all.

SPUD SUPPLY WILL BE PLENTIFUL ONE

Department of Agriculture Says Report of Shortage is Myth

By Albert Apple
Special to Post-Crescent

Washington—Reports of an acute Irish potato shortage this winter are without foundation.

The 1921 potato crop will be only 15 per cent below the 10-year average, according to Department of Agriculture estimates.

Food experts, however, believe that the shortage will be counterbalanced by the fact that business depression has checked food waste. Housewives are paring potatoes more closely. Economy in the kitchen is cutting down the amount of cooked potatoes that are left over from meals and go to the garbage can.

It will require not much such economy to make 85 potatoes this winter go as far as 100 went last winter. And that's what the potato situation calls for.

Better Condition
Hot, dry summer injured the Irish potato crop nationally. Rained it in some sections.

Sweet potato crop will run about as usual, no shortage, the crop now being estimated at 110,000,000 bushels, or 97 per cent of the average.

The crop of white potatoes will be about 323,000,000 bushels—roughly three bushels for every American. The 1915-1916 average for white potatoes was 371,253,000 bushels a year. The 1920 crop of 425,000,000 bushels was exceptionally big and cannot be used as fair comparison.

Department of Agriculture estimates the crop is in better condition than was believed a month ago. Final yield may be still better.

Officials point out that the potato crop is in bad shape compared with the apple yield, which is estimated now at 88 per cent of usual average, grapes 65 and peaches 45.

Price High Now

Even if the potato market goes into a mild shortage, market experts look for no material price advance. They point out that potato prices in cities now are very high, far out of line with what farmers are getting. This is one cause of the short crop. Michigan farmers have been getting as low as 15 cents a bushel for potatoes, so many potatoes are rotting in the fields.

CHARGE MOVIE MEN OPERATE "TRUST"

Federal Trade Commission Has Unearthed Plot to Control Industry

By Norris Quinn
Special to Post-Crescent

Washington—American movie fans spent \$4,000,000 for theater tickets every day last year.

Two-thirds of that amount found its way into the pockets of a giant motion picture trust, says charge filed by the Federal Trade Commission.

The commission says it has unearthed an international plot to control the production, distribution and exhibition of motion picture films.

It names the Famous Players-Lasky Corporation as ringleader of the alleged combine and involves 11 other companies. All have been given 30 days to answer the charges. They are expected to deny them completely.

Details of Charges

The commission says the alleged combine already has been so successful that its perpetrators have:

SIGNED iron-clad contracts with the most popular screen stars to act exclusively in their pictures.

ACQUIRED a controlling interest in the most important American film distributing agency and stifled competition on the part of other agencies.

BOUGHT 400 big movie theaters outright and forced hundreds of other theaters throughout the country to show their films exclusively.

OPENED branches and affiliated with theaters and producers in every European country and in India.

Change in Industry

Until 1916 the motion picture industry was in the hands of three different classes of operators—producers, distributors and exhibitors.

In 1916 Adolph Zukor and Jesse J. Lasky set out to get control of all three branches, the Federal Trade Commission charges.

The three most important film producers then were Rossmore, Inc., the Jesse J. Lasky Feature and Play Co. and the Famous Players Film Co.

Zukor was president of the last. Lasky and Zukor bought out Rossmore and thus merged all three companies, giving them absolute control of the producing branch, the commission says.

The next step was getting control of the distributing end.

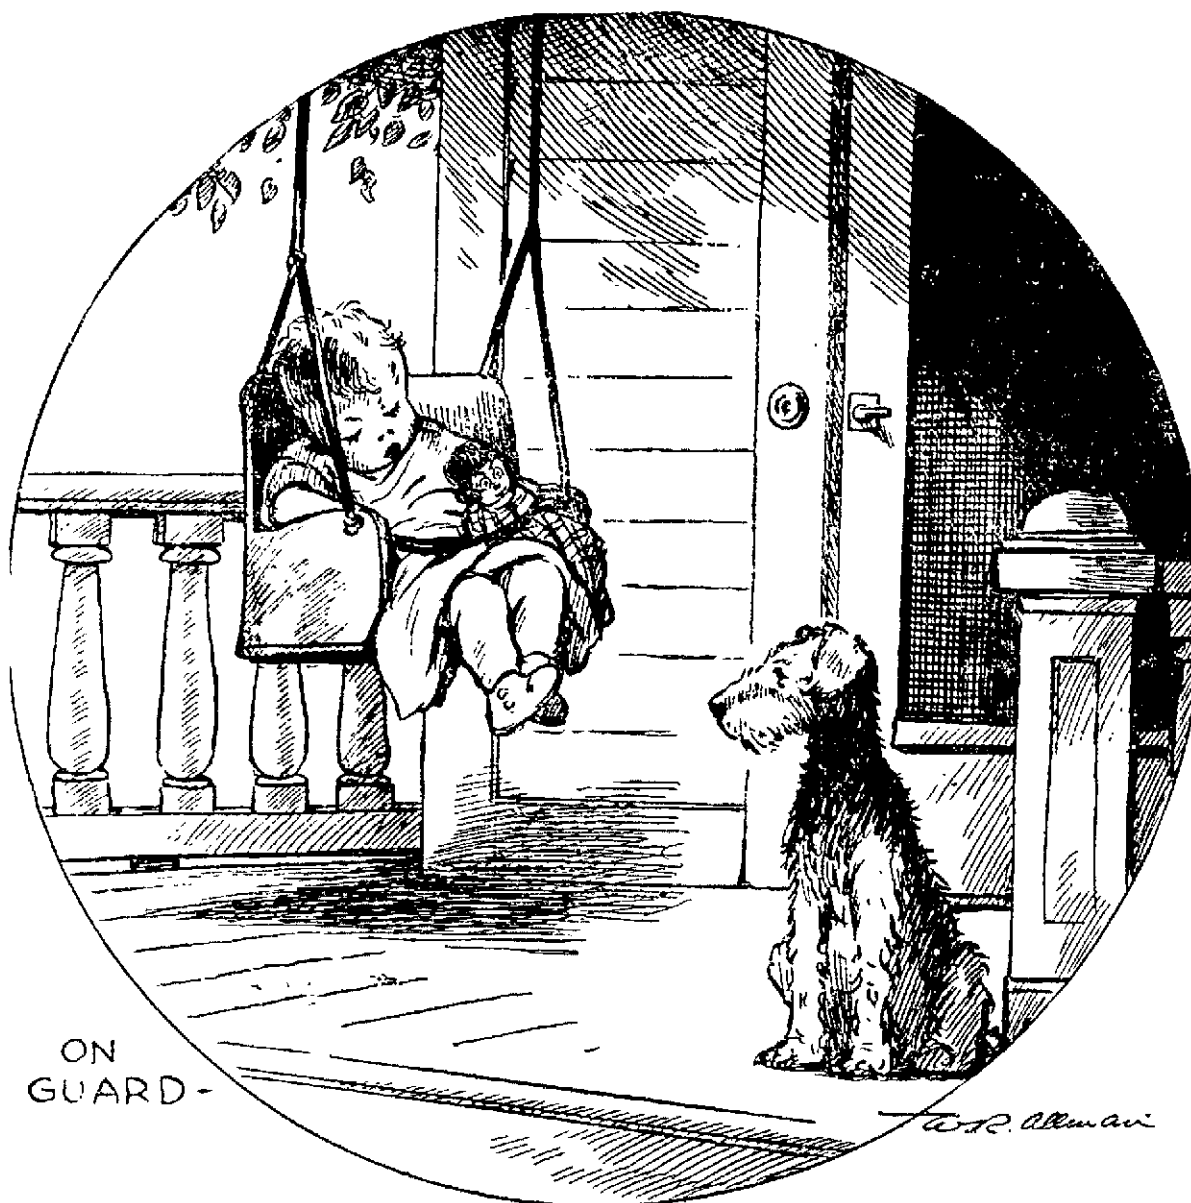

The Paramount Pictures Corporation was the most important distributor. Paramount refused to sell out to the Zukor-Lasky organization.

Then, the commission says, Zukor incorporated the Arcturion Pictures Corporation as a distributing agency and started to compete with Paramount. The result: Paramount sold out to Zukor and his organization found itself in control of the distributing branch.

The final step was to acquire control of the exhibiting branch, the theaters. This, commission charges, was accomplished by buying interests in chains of theaters in the larger cities with competition in the smaller cities.

At the same time, the commission charges, Zukor and Lasky secretly operated the Reelart Pictures Corporation, which controlled its own distributing and exhibiting agencies and purported to be a competing company.

THE GREAT AMERICAN HOME

ON GUARD—

EXPORT TRADE IS SHOWING INCREASE

Reports for August Show Steady Gain in America's Foreign Business.

By Albert Apple

New York—America's foreign trade is reviving.

Exports from the United States hit the bottom of depression in April. Since then, they have been climbing—slowly but surely.

The gain is in physical volume—more bushels of wheat, more tons of machinery, etc.

Total money value of exports continues declining, because prices have not stopped falling.

But export tonnage began to increase in May. So say the experts, including Frederick Todd, secretary of the First Federal Foreign Banking Association, 40 Wall Street.

Exports of agricultural products during July showed big gains over July 1920.

August is expected to show further increase in export volume.

Germany daily is becoming a better customer. She's steadily increasing her purchases of American-made goods.

But Europe as a whole is taking less than half of all American exports, for the first time in history.

Exporter Talks

"They key to the whole situation,"

as one big exporter puts it, "is that the future of our foreign trade is not in Europe. Already we have as big a market in China, South America and other parts of the world as we have in Europe. This means that a boom in our foreign trade is not as dependent on European recovery as most exporters thought a year or two ago."

"A lot of folks have been sitting back, saying that business can't revive until foreign trade picks up. Well, it's on the increase now. Of course, prices are down and exports are bringing us less money. But that's offset by the fact that the exporter can buy more with his dollar than he could when prices were high and foreign trade was enormous on paper."

"Take total wheat exports from the United States and Canada. They were 10,871,544 bushels in the week ended August 15. That was far higher than the corresponding week of any previous year."

The steel industry is worse off for export trade than any other basic industry.

Iron and steel exports in January were 547,394 tons. They slumped to 119,051 tons in June, the latest reported.

But the general export business is on the mend.

Lockers Are Ready

Ryan & Long, who were awarded the contract for seven shower baths and toilets in the new building erected at the northeast corner of Lawrence athletic field for the football team, finished their work Monday and the building is now ready for use. Lockers and other necessary equipment were installed.

ORIENT PROBLEM MAY INVOLVE U. S.

Secretary Hughes May Offer Informal Mediation in Shantung Dispute

By A. L. Bradford

By United Press Leased Wire

Washington, D. C. — The issue of the return by Japan of Shantung to China may soon be forced to a show down," it was indicated Monday.

These developments stood out in the Shantung question:

1—China, it is indicated authoritatively, will refuse to accept the recent Japanese proposals for returning Shantung.

2—Japan, it is believed, may assume an attitude that she is justified in retaining control of Shantung if China rejects the Japanese proposals.

China is believed anxious to bring the question up in the Washington conference on limitation of armament and Pacific and Far Eastern problems.

Japan is more anxious that it be kept out.

Secretary of State Hughes, it is known, would be gratified if there could be a fair and just settlement of the Shantung problem before the conference, but he is also known to feel that all problems that are potential sources of international friction may well be taken up by the conference.

WOMEN MAKE THE BEST UNIONISTS

Six-hundred Thousand Are Represented by Women's Trade Union League

Special to Post-Crescent

Washington—Women are making better "unionists" than men.

So says Miss Ethel Smith, secretary of the legislative committee of the National Women's Trade Union League.

Miss Smith's organization represents 600,000 working women banded together in unions affiliated with the American Federation of Labor. And more women are joining every day.

"The best ordered trade union I've ever seen in operation is one composed entirely of women," Miss Smith says. "That's a union of women employees of the Bureau of Printing and Engraving here."

"It has 4,000 members. Their work is anything from helping pressmen to performing and counting stamps."

"If you don't believe women have a head for organization, you ought to go to a meeting of this union."

"I wish Congress could see this union in session. Our legislators might be able to learn a lesson or two."

The National Women's Trade Union League stands for collective bargaining, an eight-hour day and 44-hour week, a just wage based on occupation and not on sex, and full citizenship for women.

Its legislative department here initiates and promotes labor legislation, especially measures relating to women.

GIRLS! LEMONS
WHITEN SKIN AND
BLEACH FRECKLES

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

WANT LID KEPT ON BIG PACKERS

Grocers Begin Fight on Decree to Let Packers Monopolize Food Supply

By United Press Leased Wire

Washington, D. C.—A legal move to check any contemplated modification of the consent decree, obtained by former Attorney General Palmer, which confines the activities of the big packers to the meat business, was started here Monday by the National Wholesale Grocers' association of New York.

The grocers' association in the District of Columbia supreme court filed a petition asking for leave to intervene in the case, if any of the packers asks a modification of the decree which would allow them to enter the grocery business or other lines not directly related to the packing industry.

The petition expresses "fear" that

Swift and company, one of the big live packers shortly will ask that the decree be modified. Some action of this kind will be taken within the next few days. A virtual monopoly of the food products of the country can be obtained by the big packers unless the consent decree is strictly enforced, the petition of the grocers' association states.

DYED HER FADED SKIRT TO MAKE CHILD A DRESS

Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded, shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is guaranteed, even if you have never dyed before. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade or run.

adv.

Why People With Weak Nerves and Thin Blood So Often Fail in Life

and are trampled down by strong, keen, red-blooded men with nerves of steel.

Without strong nerves you lose your magnetism, force and courage. You feel your own weakness and others know that you are weak. Trifling things annoy you—this is a sure sign of nerve exhaustion.

Some people are born with a very small amount of nerve-vital fluid, because their nerve force has been squandered by the lives lead by their ancestors. Others use up their nerve force faster than the body can make it.

When your nerve force becomes weakened, all the vital organs of your body lose their normal strength and vigor and as a result, all kinds of alarming symptoms may appear. From the pains across the back, one person thinks he has kidney trouble; another may think his spine is injured because of the tender spots which may occur thereon. The dull heavy pain in the lower part of head leads another to think he is going to have paresis and from the disagreeable fullness or pressure in the front of his head, another feels he is going to die from high blood pressure.

Steeplensness and nervous irritability, heart palpitation and indigestion are very common symptoms. Naturally your strength, vigor, endurance and brain power are all greatly weakened, and in such a condition you are in no position to compete with the strong, keen red-blooded

man with nerves of steel. When you lack nerve force, there is only one thing that is going to help you—and that is more nerve force. In such cases more stimulating medicines and narcotic drugs are often worse than useless; what you must have is something to furnish an increased supply of the nerve-vital fluid to your nerve cells. This is most effectively accomplished by the free use of Nuxated Iron. This valuable product contains the principal chemical constituent of active living nerve force in a form which most nearly resembles that in the brain and nerve cells of man. It also contains organic iron like the iron in your blood and like the iron in spinach, lentils and apples. This form of iron will not blacken nor injure the teeth nor upset the stomach. It is an entirely different thing from metallic iron which people usually take. Nuxated Iron may therefore be termed both a blood and a nerve food as it feeds strengthening iron to your blood and the principal chemical ingredient of active living nerve force to your brain and nerve cells.

Over four million people are using Nuxated Iron annually. From the remarkably beneficial results which it has produced, the manufacturers feel so certain of its efficacy that they guarantee satisfactory results to every purchaser or they will refund your money. Beware of substitutes. Look for the word "Nuxated" on every package. Nuxated Iron for the blood and nerves is sold by all druggists.

NUXATED IRON ENRICHES THE BLOOD - GIVES YOU NEW STRENGTH AND ENERGY

WE OFFER A PART OF

\$13,500,000

The Toledo Edison Company

First Mortgage 7% Gold Bonds (Due 1941)

Price 96½ and Interest Yielding Over 7.33%

Issuance authorized by the Public Utilities Commission of Ohio.

The Company agrees to pay interest without deduction for Normal Federal Income Tax not exceeding 2% which it may lawfully pay at the source.

The following information is taken from a letter from Mr. Frank R. Coates, President of the Toledo Railways and Light Company, which having sold its street railway property, has instituted proceedings to change its name to The Toledo Edison Company:

The Company does the entire commercial electric light and power business, the artificial gas distributing business and a hot water heating business in Toledo, Ohio. These First Mortgage bonds will be secured, in the opinion of counsel, by a direct first mortgage on the entire electric light and power system (with very minor exceptions) and also by a supplemental mortgage on the gas and heating properties subject only to a prior charge of \$1,875,400 divisional closed mortgage bonds.

A sinking fund of 1% per annum will be used to retire bonds if purchasable at or below 103 and interest.

As officially reported for the year ended July 31, 1921, gross earnings were \$6,376,316; net earnings \$2,336,670, or more than 2.2 times the annual bond interest charges (including this issue) of \$1,038,770.

WE RECOMMEND THESE BONDS FOR INVESTMENT AND SHALL BE PLEASED TO SEND CIRCULAR DESCRIBING THE ISSUE IN DETAIL.

Bonds are offered for delivery when, as and if issued and received by us, subject to approval of counsel.

First Trust Company of Appleton

Envy your friend's sound sleep won't get you the sleep you need. Watch what he drinks and ask him the reason why

You can't help noticing the man who comes down to the office in the morning with ruddy cheeks and clear sparkling eyes—full of energy, and eager for the tasks of the day.

He is physically "fit"—and can do twice the amount of work the average person can do, without becoming fatigued.

If you go out to lunch with this man you'll notice that probably he avoids coffee, though he may drink Postum—the well-known and delicious beverage, coffee-like in flavor.

This is the secret of his superb health. He isn't putting the drugs from coffee or tea into his system three times every day. As a consequence he sleeps like

a healthy baby all night. His sleep refreshes and rests him. He has perfect control of his nerves.

Do not delay another day in starting back on the road to robust health. The rich, coffee-like flavor of Postum will surprise and please you.

Order Postum from your Grocer today. Drink this hot, refreshing beverage in place of tea or coffee for ten days and see what a wonderful difference it will make in the way you feel.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Postum for Health
"There's a Reason"

4 ORGANIZATIONS HELP FARMERS TO GAIN THEIR RIGHTS

Favorable Legislation and Move
Toward Ownership Em-
bodied in Program.

Special to Post-Crescent
Washington. — Four million farmers are making their voices heard by legislators daily through four organizations here. The organizations are American Farm Bureau Federation, a nation-wide organization of county and township farmers' councils, numbering 1,125,000 members. National Grange, Patrons of Husbandry, a secret fraternal farmers' lodge, claiming more than 1,000,000 members. National Board of Farm Organizations, representing 15 organizations with a total membership of more than 1,000,000.

Farmers' National Council, a national federation of independent farm organizations and individual farmers' organizations, organized primarily to oppose monopolies. It has 750,000 members. Before the entry of the United States into the war, farmers had no organized representation here. The present Washington offices have grown up in the last four years.

It was due largely to the pressure of these organizations that three important agricultural bills were passed at the Congress session just ended. These bills:

PROVIDE for supervision of the packing industry by the secretary of agriculture.

PLACE a prohibitive tax on "future sales" of grain in any grain market not licensed by the secretary of agriculture.

ENABLE the farm loan to sell bonds bearing interest at five and one-half per cent instead of the former rate of five per cent.

Bills introduced at the suggestion of farm organizations which are still pending.

SPRING to clarify the Sherman anti-trust law so as to permit collective bargaining by farmers' cooperatives in marketing farm produce.

EXTEND the postal savings bank system to rural postoffices, making every rural free delivery carrier a postal savings agent.

GIVE federal aid to highway building and create a federal highway commission.

PERMIT farmers to use Liberty Bonds as currency, at par value, in buying agricultural supplies.

And the farmers are planning a fresh fight for more agricultural legislation as soon as Congress convenes again.

Gray Silver is Washington representative of the American Farm Bureau Federation.

"Farmers," he says, "make up 40 or 50 per cent of the population of the United States. For years they've been sitting back and letting city folks and special classes get the fruit of legislation.

"Now the farmer has awakened. There are only five real farmers in the present Congress. The rest of our representatives must be told about agricultural conditions.

"That's why we're here."

T. C. Atkinson heads the Washington office of the National Grange. He's one of the oldest teachers of agriculture in the United States. He taught farming when he had to write his own textbooks.

"Land tenancy is increasing," Atkinson says, "and farm ownership is concentrating in the hands of non-residents. If this tendency is not checked it will ultimately result in forming an American peasantry."

Benjamin C. Marsh, managing director of the Farmers' National Council, sees the growth of monopolies as the greatest menace to agriculture.

"There will be no relief for agriculture until the strange hold of these monopolies is broken," he says. "American producers must be freed from the billions of tribute they pay under existing laws."

Charles A. Lyman, Secretary of the National Board of Farm Organizations, thinks rural credits must have some attention from Congress before agricultural problems can be solved.

"The present system of land credit," he says, "is defective in that it furnishes credit only to the man of means."

SCHOOL GIRL AND DOCTOR DIE IN DOUBLE TRAGEDY

By United Press Leased Wire
Los Angeles, Calif. — Miss Esther Greening, 20, a high school student, was shot and killed early Tuesday by Dr. A. F. Burke. After shooting the girl through the heart, Burke turned the gun upon himself, dying a few seconds later.

The tragedy occurred at the doorstep of the girl's home.

Miss Greening had known Burke about three months.

Police have not been able to establish a motive for the crime.

HENRY COCHEMS NEAR DEATH IN HOSPITAL

Salida, Colo. — Henry Cochems, 44, a well-known attorney, is fighting a grim battle with death here at the hospital.

He was shot by his brother-in-law, Dr. R. N. Cochems, with the chances strongly against his recovery, according to an announcement on Monday.

An operation on Sept. 11, performed by his brother-in-law, Dr. Halstead of Chicago, determined that he is suffering from a cancer on the outer wall of the stomach.

Physicians said on Monday that Mr. Cochems is "extremely weak."

Save Money on Your Laundry

You save money when you save labor. This is true whether you do your own work or have it done. You should therefore have expert advice on the arrangement of your work.

You save money if you save your clothes from injury — from hardening, from fading, from shrinking. Be sure to use the right kind of soap, the right kind of lye, the proper washing powder.

You should know how to use a little soda when you put your clothes to soak, and a little turpentine when they are yellow.

The Department of Agriculture has made an exhaustive study of all these problems of the laundry. It has prepared a bulletin that is now ready for free distribution. Our Washington Information Bureau will get a copy for you if you send in your name and address with two cents in stamps for return postage.

Frederic J. Haslin, Director, The Appletton Post-Crescent Information Bureau, Washington, D. C.

I enclose herewith two cents in stamps for return postage on a free copy of the Home Laundry Bulletin.

INVESTORS WILL GET 236 MILLION DOLLARS IN MONTH

Immense Sum Will Be Paid
American Investors in Spite
of Depression.

Special to Post-Crescent
New York. — Easy money — \$236,500,000 without turning a hand.

That's what will be paid to American investors during September, in dividends and interest payments, according to a check-up by the New York Journal of Commerce.

Despite depression this sum is with in about a million dollars of being as much as was paid out in the same month a year ago.

September dividends to stockholders will total \$55,900,000. Here is where it will come from.

Industrial stocks \$37,900,000
Steam railroads 14,900,000
Street railways 2,100,000

Interest on bonds during September will net investors \$180,600,000. This includes about \$75,000,000 that will be paid out by Uncle Sam on the Third Liberty 4 1/2 per cent bonds.

These interest figures cover investments only.

They do not include interest on about \$10,000,000,000 now on deposit in state and national banks throughout the country.

No Check Enclosed

About 75 very large corporations, with a combined capitalization in excess of \$1,000,000,000, have ceased paying dividends.

This is due to business depression, apparently near its end.

Stoppage of dividends can be traced in most cases, to one of these causes:

One. Dull sales.

Two. Cancellation of orders on the eve of shipment.

Three. Liquidation of inventories. This is the process of "writing off," as a loss, the depreciated value of warehouse stocks of goods, caused by falling prices. The "writing off" is an acknowledgment that prices are not going to recover.

Four. Over expansion — erecting too many new buildings and improvements. In some cases this was due to bad business judgment, or inability to foresee the price crash. In many cases it was due to putting money into unnecessary buildings and equipment, to beat Uncle Sam out of taxes.

Five. Belief, a year or 18 months ago that the "easy picking" would last indefinitely. Result: Many corporations failed to lay aside a reserve fund and now have to suspend dividends to take care of taxes due.

Income Shut Off

The stopping of dividend payments has presented an acute problem to men who had retired and were living on their income from investments in stocks.

In every American city, you'll find men loaded up with "gilt edge" stocks that will not pay them a penny in dividends this year.

Wall Street, however, believes that the worst has already taken place in dividend passing.

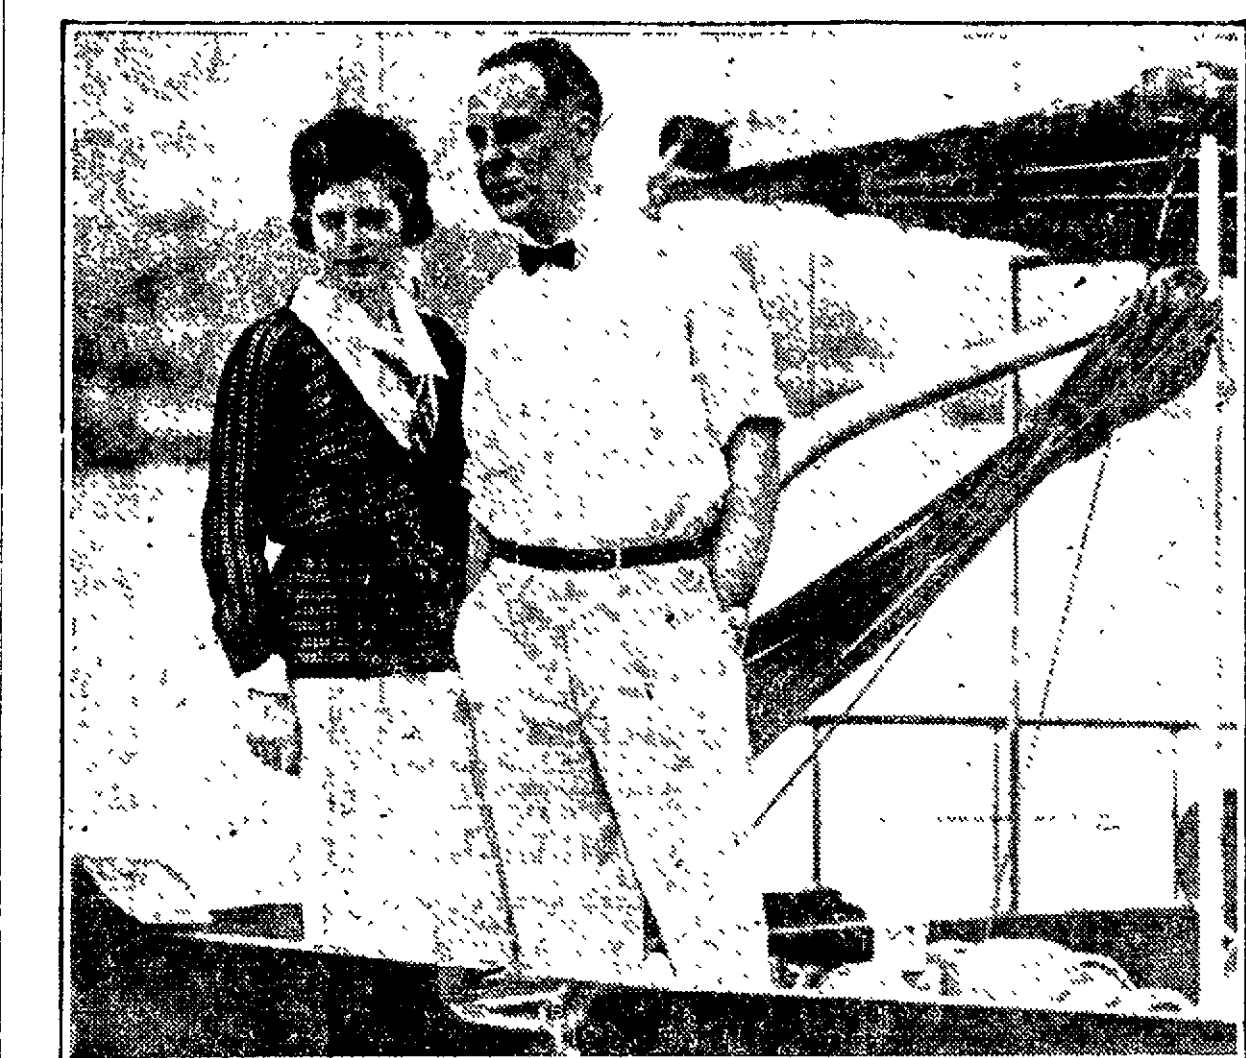

Many companies expect to resume dividends early in 1922 — only a few months away.

Lingerie For Princess To Cost Fortune

By United Press Leased Wire
Paris. — The most costly underwear produced in Paris since the war was completed Monday. It is for the youthful Grand Duchess Xenia of Greece who will shortly be married to William Leeds, son of the former Mrs. Leeds, the "million dollar widow."

The daintiest undergarment of all, intended for the wedding day of the Atoner lace and worth a prince's ransom. The cost of the lingerie runs in to hundreds of thousands of francs.

STARTING ON 50,000 MILE YACHT TRIP

Albert T. Gowen, millionaire yachtsman of Cleveland is shown here with his wife as they left New York for a 50,000 mile trip around the world in Speejack, a yacht built especially for the trip. The yacht, 98 feet long, has a heating plant for cold climates and a ventilating system for the tropics. The vessel draws only six feet and Gowen expects to go far inland on rivers.

FARMERS OF WEST WILL TURN TO CORN AS WINTER FUEL

Market Is Low; Coal Is High; to
Burn Corn Is Considered
Economy.

By Albert Apple
(Special to Post-Crescent)

Chicago. — Millions of bushels of corn will be burned as fuel this winter.

Exports of corn have been breaking all records. Europe, which can't afford wheat in many sections, is eating corn.

In the 52 weeks up to June 30, corn exports totaled 70,616,261 bushels, against only 3,939,352 bushels the year before.

This record movement of corn to seaboard continues in the freight ended September 1, corn exports were 3,494,741 bushels, against 169,238 bushels in the corresponding two weeks of 1920 and 262,545 bushels in 1919.

Some traders estimate that 1,000,000 bushels of corn have been sold for export in the last two months.

But these exports big as they are will make only a relatively small hole in the total crop.

A factor that may disturb the market later, if it has not already been

discounted is the big feed crops being raised this year in the south.

Prices Low

No 2 mixed corn in Chicago lately has been selling below 60 cents a bushel. The price in September, 1913 averaged about 65 cents.

Two years ago, the price was around \$2 a bushel.

Wages of harvest hands in the Middle West are averaging about \$3 a day, this season against \$7 a year ago.

Despite this, farmers say, their income from corn and other crops will be so reduced that there is not much chance of the "farmer" buying power" slipping into the market this autumn as a big stimulant to general business.

Union to Meet

A meeting of the bricklayers, masons and plasterers union will be held at the Trades and Labor hall Tuesday evening.

SON WINS PRIZE; MOTHER IS HAPPY

Maternal Devotion Is Seen in
Musical Achievements of
Children.

By Alice Robe
Special to Post-Crescent

New York. — "My mother deserves more than half the credit. She gave her children the chance for expression that she did not have."

Behind those words of Elved Morgan, recently awarded the fourteenth Paris prize of the Academie des Beaux Arts for architecture, is a mother story of appealing interest.

"I have always lived the artistic life through my children," says Mrs. Jeanette Morgan, the mother. "They are the fulfillment of the things I would have liked to be."

"Don't say I am a poor widow. I am and have been the richest woman in the world. Why I have never made a sacrifice. Of course, we didn't have much money, and I worked hard."

"It isn't enough for a mother to have money to send her children to art schools—to turn them loose in ateliers even under the greatest teachers. A mother must follow—even if she can't go side by side with her children."

"My daughter is musical. At thirteen she was supporting herself by teaching. My son—why he was always serious and ambitious. I want him to realize his ambition."

"I read all the lives and histories of composers, great musicians, artists. I profited by the difficulties which beset them temperamentally and otherwise. I guided my children away from such troubles."

"To me reading and studying the lives of musicians and artists was like a religion. When I was directing my children, I felt I was really planting seeds in the Garden of Eden."

Hard Worker

Much has been written about the technical education of young Morgan, whose hard work night and day in institutes and ateliers was interrupted by service at the French front, where he was wounded.

But the sustaining force, as he says, has been the mother with the long ing for expression of artistic and finer things.

MINERS TO STRIKE IF WAGE DEMANDS ARE NOT GRANTED

Dissatisfaction With Settlements May Cause Trouble
in Spring

Indianapolis. — Grave apprehension is felt at headquarters of the United Mine Workers of America that there will be another national coal strike, next spring.

Every present indication points to a walkout of 800,000 unlicensed anthracite and bituminous workers. This forecast is based on these disclosures:

THAT miners are dissatisfied with the present working and wage scales.

THAT they will demand more money from the operators.

THAT the coal operators will refuse an increase and insist on a reduction of the present basic wage of \$7.50 a day.

THAT every agreement and contract in the country between the miners and operators expires March 31, 1922, which is unprecedented.

THAT the miners, almost without exception consider they were treated unfairly by interference of the gov-

ernment during the last strike when an increase of 27 per cent in wages was granted, compared to their demand for a 60 per cent advance.

Already they have made known their determination to fight to the last ditch for preservation of present wage scales and an increase above the basic \$7.50 a day rate.

According to President John L. Lewis, never was there a period in the coal industry when miners were so "entirely wrought up over the wage controversy."

Some of the proposals call for an actment by the convention of demands on coal operators for wage increases of 70 per cent.

By contrast, certain operators in various parts of the country have posted notices that their mines after a resuming operation will run on reduced wage scales.

Some operators have even sent delegations to the miners' headquarters here entreating President Lewis to sanction a pay cut.

To these Lewis has replied "that the miners will never consent to lower scales" and will fight to the last ditch any attempt to bring about such a reduction."

convention at Cleveland, demands were made on the coal operators for basic awards in the central competitive field which call for:

A 60 per cent wage increase
A six-hour day.
A five-day week.

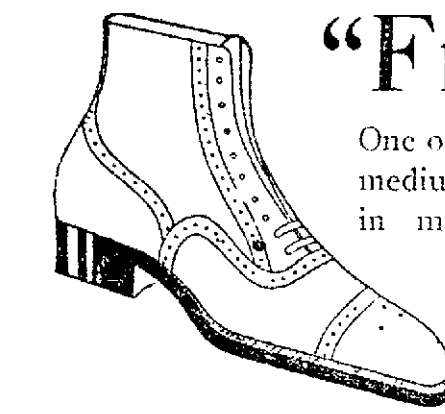

The central competitive field embraces eastern Pennsylvania, Ohio, Illinois and Indiana.

Whatever award is agreed upon by the joint scale committee of 64 operators and miners is used as the basis for establishing working and wage rates throughout the country.

"Wages and wages only is to be the big issue," says President Lewis. "There can be no reduction. Further than this I cannot comment."

In event of strike, the union could call out every member, thereby completely tying up not only the bituminous but also anthracite production.

President Lewis assumes that both the hard and soft coal workers will cooperate with each other so that each can gain their ends.

MIT WELDERS GET READY FOR BATTLE TOMORROW NIGHT

Action, Plenty of It, Is Promised Local Fight Fans at Armory

Jackie Sanders and Eddie DeBeauvoir welders in the main event at the armory Wednesday night, are tapering off their heavy training with running, shadow boxing and other light stunts designed to put them in the best trim for the match.

Formal preparations for preliminary bouts to the strap are now being made. A physician will examine the boxers Wednesday and weighing will be done at 3 o'clock in the afternoon. Jailer Yager will superintend the scales at the "weighing in." It is said that DeBeauvoir will weigh slightly more than Sanders but Sanders declares he is in different to a little excess flesh.

Brunkhorst of Fond du Lac will represent the state boxing commission at the match. Otto Tonne of Green Bay will referee and Fred Rushey will act as timer.

Reports from nearby towns predict a large attendance at the ruse. A large delegation from Kaukauna will be present.

Sport Views And News

And Johnny Kilbane still waves on. The featherweight champion despite his age and his alleged bad hands did everything but murder Emma Frush, the youthful challenger from Baltimore. Kilbane displayed all his old cleverness in the bout at Cleveland and what's more he showed a swinging punch that cut his opponent to sunds. Luke Britton, Kilbane will probably continue to hold the title until he reaches the "Grandpa" stage.

Old King Football is throwing quite a shadow over the sport horizon. The opening games are booked for this weekend and the thud of the pusk in the practice workouts is heard from coast to coast. Of course there is still a lot of interest in baseball, due to the closeness of the major league races and the approach of the world series but the gridiron knights are pushing their way into the limelight and it won't be long now before they hold full sway.

Carpenter will return to America in December to start training for his argument with Tommy Gibbons. Gus Wilson the French champion's trainer, is already making plans to house the idol of Paris. From the way Gibbons has been traveling of late Georges better get into tip shape for the fight or else he is apt to get the same dose of knockout medicine that Jack Dempsey handed to him on July fourth.

Unless we miss our guess football fans from all parts of the state will come to Green Bay this fall to attend the Packers' games. Some of the greatest professional teams in the country will be seen in action at Hagedorn park and there will be just as good a grade of puskin chasing here as anywhere else in the country.

World Tennis Champion

WORLD TENNIS CHAMPION

William T. Tilden, a world's singles champion, is the best tennis player in America by virtue of his victory Monday over Wallace F. Johnston, Philadelphia, in the final round of the nationals singles championship at the Germantown Cricket Club.

TILDEN RUNS AWAY WITH NET TITLE

Beats Johnson in Straight Sets, 6-1, 6-3, 6-1; Plays 43 Minutes

Philadelphia, Pa.—William T. Tilden, 11 of the city's best national tennis champion, won the 1921 title by defeating Wallace F. Johnston, 11 of this city, 6-1, 6-3, 6-1, in the final round of the fourth annual championship singles tournament of the United States Lawn Tennis association, in which is said to be the record time of 43 minutes.

Tilden rose to supremacy in his play Monday afternoon. The speed and accuracy of both his service and return strokes so dazzled and smothered Johnston that the latter was placed in such a defensive position that he never for a moment appeared to have even a fighting chance. As a result of his victory, Tilden's name will again be inscribed upon the championship trophy which he won for the first time last season.

He now has two legs upon the cup, having won it on a level with Maurice McLaughlin, who won in 1912 and 1913, R. Norris Williams, winner in 1914 and 1915, and William M. Johnston, holder in 1916 and 1917. William A. Larned and R. Lindley Murray have also won this particular cup once, these plays dating back to 1911 when it was placed in competition.

If Tilden can retain the title of game he showed on Monday during the 1921 season, the final winning of this particular championship is a foregone conclusion. It is doubtful if any tennis player could have hurled back Tilden Monday afternoon. Certainly no such display of terrific service driving and smashing has been seen in recent seasons. While Johnston's comparatively soft game may have paved the way for this display of cyclone tennis, the accuracy with which Tilden directed and controlled his returns was little short of marvelous.

The recapitulation of the contest, which Tilden won with the loss of but five games and without removing his sweater, follows:

Tilden . . . 3 1 8 6 22 24 30 5 0 35 46
Johnston . . . 0 5 50 25 23 3 1 3 4 51

ARCADIES WANT ANOTHER GAME WITH MERCHANTS
Claiming the city championship, Jones Arcade baseball team challenges the West End Merchants to a game at any time or any place that the Merchants may name. The Arcades stipulate they would play this game on condition the losers put up a \$100 purse. The city title was claimed by the Merchants when they defeated the Appleton Catholic Club of Foresters 10 to 1 and the Arcades 10 to 9. The Arcades will not concede the score mentioned and are contesting the championship.

WILLARD AND DEMPSEY MAY BATTLE IN JULY
New York.—Final details of a return bout between Jack Dempsey and Jess Willard for the world's heavy weight championship may be completed this week. Tex Rickard who wants to stage the bout July 1 next in Jersey City, has been discussing terms with Jack Kearns, Dempsey's manager. Kearns wants the former title holder to engage in several bouts as proof of his condition but Willard refuses to do this.

OVERALLS DUE FOR HARD BATTLE WITH \$1,000 IN SIGHT

Brandts Want to Administer Whipping—Hope Menasha Wins from Fondy

While speculation is rife as to the outcome of next Sunday's baseball games in the post season league series, in view of a statement Monday from Fond du Lac, Appleton fans are anxious that the diamond representatives of the Overall city be given a sound defeat at Brandt park.

"Fond du Lac must beat Menasha," is the determined forecast from the Rueppings. To do this Fondy will lead heavily and will comb the big industrial clubs of the southeast portion of the state for winning players. The end of the regular season has released several baseball stars and Rueppings will try to get his pick of available men. A victory over Menasha next Sunday would remove the prestige Fond du Lac has lost in two consecutive defeats and the Rueppings will work desperately to prevent a winning hand in order that they may regain their reputation.

This presages a hard battle for Menasha next Sunday with a reasonable chance that Menasha will be defeated. Appleton will have at least an even chance against Oshkosh. This situation encourages local doers to predict that the Brandts will be tied with Menasha for the \$1,000 purse and thus have the added opportunity of playing off a rubber to win the stake.

The game at Menasha on Sunday afternoon drew the largest attendance in the history of the Menasha baseball club and a large crowd of fans saw the game at Fond du Lac. It is the belief, however, the attendance at next Sunday's games will eclipse all other attendance records for post-season games.

LEGION SEEKS MORE FOOTBALL MATERIAL

Handicapped by poor response to the call for a meeting Sunday morning at the armory for the purpose of lining up candidates for an American legion football team in this city, promoters of the plan were unable to accomplish much. Only a handful of men attended and practically all that was done in regard to the matter was to arrange for a meeting Wednesday night at the armory. It is expected that there will be a large attendance so no trouble will be experienced in going ahead with the formation of a team. A tentative schedule will be arranged at the meeting.

FEAR FOR SAFETY OF BALOON RACE PILOTS

Two United Press Leased Wire
London.—Two American and one Swiss entry in the Gordon Bennett international balloon race were still reported missing at 3 o'clock Tuesday afternoon and fears for the safety of the pilots and assistants were expressed here.

Two French balloons which with the Swiss and Americans, were aloft early Tuesday, have landed.

The American balloons which were missing were the "Aero Club of America" piloted by Ralph Upton and the "City of St. Louis," piloted by Bernard Von Hoffman.

All other entries have landed safely. Despite the statement from St. Louis to the effect that a cablegram has been received from Bernard Von Hoffman, no word of his landing had been received in London Tuesday afternoon.

The manager of the Brooklyn Dodgers stated that if it is possible for them to secure two more dates in this vicinity, arrangements can be completed for a game. The same proposition was put by the negro manager but he left it to Appleton to negotiate for the games and the Brandts felt they did not care to take the responsibility.

Should the Dodgers be successful in arranging for three games, Appleton fans will be given a rare treat in the line of baseball. It will be the first time in the history of the national game in this city that such a widely reputed aggregation comes here.

"The 'ayes' have it," said the feather champion as he uncorked a couple fast jabs.

It's an eat famine in Russia; a seat famine in Pennsylvania.

EPITAPH
Under these stones
There lie the bones
Of a crazy galoot who tried fasting
His sworn he'd not stop
Till Mack's team would cap—
And that's why his wait was so last-
ing.

One reason Babe Ruth has endeared himself in the hearts of Young America is that he provides free transportation into the parks for a lot of young fellows.

Reports say the Kaiser has left Doorn, Comin' over to the series, maybe, to take lessons from some real strategists.

Different
Miss Cecil Leitch, British woman golf champion, is displaying great form in her exhibition matches in Canada, preliminary to her match with Miss Alexia Sterling, America's woman champion.

Miss Leitch, with long American practice, will be prepared to meet Miss Sterling.

But Suzanne Lenglen,—oh, that's different! She was expected to jump

Record Buster

Jack Lelivelt

Omaha.—The record for hits in a single season has been busted. Jack Lelivelt, initial sacker for the Omaha Western League team, done it bustin', ringing the bell with a total of 251 bingles.

This is two points over the record formerly held by George Sisler, of the St. Louis Browns, in 1900, in which George swarmed the sphere to a breathless altitude of 249.

Lelivelt has been "Ruthing" it all season in the American Association, batting consistently around .400, at times reaching the peak of .447.

Jack pitched for the Cleveland Americans and Louisville American Association clubs several years ago, coming to Omaha as manager in 1920.

He resigned the management early this summer.

"JAWN" ISN'T OUT ON FIELD ANY MORE

By Bob Dorman

"Mugsy" McGraw is no more. No more is the fielding practice of the Giants enlivened by "Jawn" hitting 'em out, by his witty and sarcastic comments, which furnished joy and laughter to the stands.

No more are the base lines stirred up by the coaching of "Mugsy." Umpires take the field with no thought of a battle royal.

For "Mugsy," sometimes known as "Jawn," has become Mr. John J. McGraw, capitalist and magnate.

No more does he don his uniform, and lead his forces out to battle. His place in the coaching lines is taken by the irrepressible Hughie Jennings.

Grass grows once more in the American League ball parks, but that in the National League is becoming sadly frayed.

For Hughie has brought his famous grass picking stunt with him. Dailey his "Ee Yah" rings out for the delight of the fans of the older circuit. Daily he is out there urging the Giants on to victory.

Hughie Jennings, shortstop of the old Baltimore "Orioles."

John J. McGraw, third baseman of the same famous club.

One still active in the game they both love, the other on the bench, watching.

Does Hughie envy "Jawn"? Does "Jawn" envy Hughie? We wonder!

Envy

By Grove

So many fellows in the game are always harpin' about what they could do if they had this or if they had that.

If a fellow really has the stuff, he doesn't have to worry about the surroundings.

"Red" Faber of the White Sox, is a pitching ace in a seventh place club.

Yellowness in a fighter makes the fans who squander their long green see red. But the "blues" are tickled pink.

"The 'ayes' have it," said the feather champ as he uncorked a couple fast jabs.

It's an eat famine in Russia; a seat famine in Pennsylvania.

ONE BRAND-ONE QUALITY-One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarettey aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

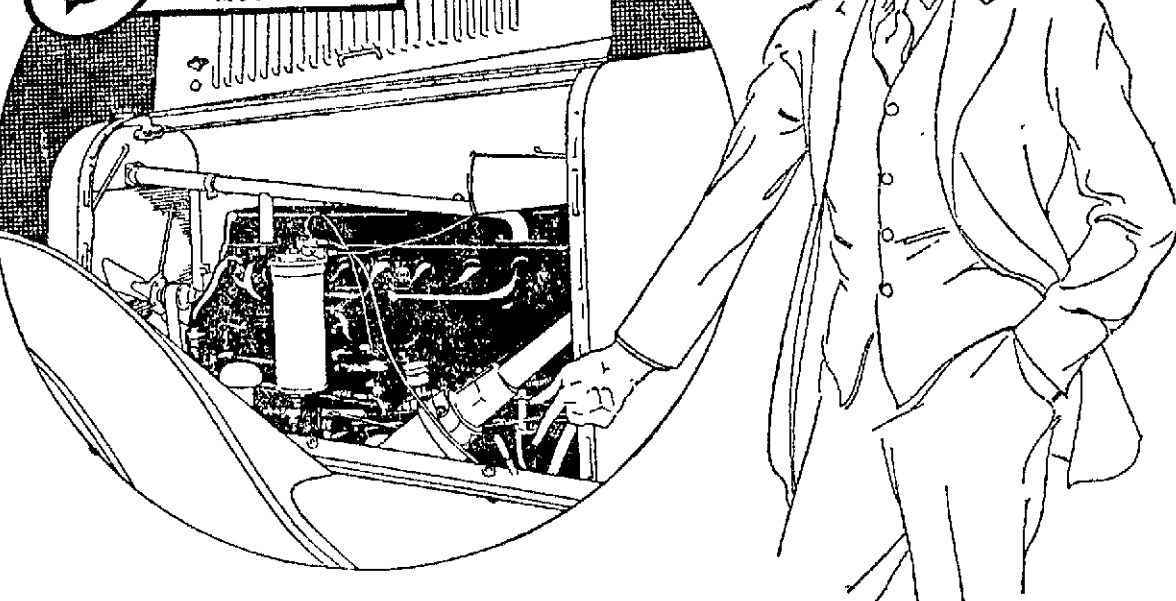

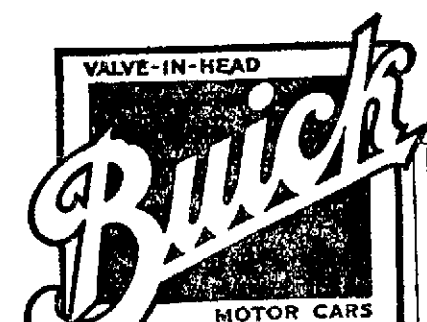

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.
